308 X YES IS A VOTE FOR YOUR CHILDREN

ONE NORMAL NOT ENOUGH

Oregon has but one Normal School. This school is located at Monmouth. Excellent as is the work of this school it is utterly unable to supply but a small part of the need for trained teachers for the State.

Of more than 6,000 normal teachers in the public schools of Oregon, but 13 per cent have been trained for their profession of teaching in Normal Schools.

It is a well established fact that our one Normal School cannot supply the needs of the entire state. That is why we ask for your work and vote for the proposed Eastern Oregon State Normal School at Pendleton, Oregon.

GIVE EASTERN OREGON SQUARE DEAL

Eight counties in the Willamette Valley have employed during the past five years, 203 teachers who have graduated from the Monmouth Normal as against 12 Monmouth Normal School graduates for the eight leading counties of Eastern Oregon.

During the past five years the attendance of students from nine Willamette Valley counties was 877 students as against 81 students from nine of the leading counties of Eastern Oregon.

Owing to the crowded condition of our one Normal at Monmouth and also the distance and expense of attending, students from Eastern Oregon are compelled to go to neighboring states to secure their training as teachers.

ONLY COSTS 4 CENTS PER \$1,000

The annual maintenance cost of the proposed State Normal School in Eastern Oregon amounts to but one 25th of a mill or 4 cents on a thousand dollars of taxable property. Isn't it worth this to have your children trained to become useful and productive citizens?

STRONG ENDORSEMENTS

Among those who strongly endorse the establishment of the proposed Eastern Oregon Normal School are Governor Withycombe, J. H. Ackerman, President of the Monmouth State Normal, W. J. Kerr, President of the Oregon Agricultural College, P. L. Campbell, President of the State University, Robert C. French, former President of the Western Normal, and practically all of the leading educators of the State. J. A. Churchill, Superintendent of Public Instruction, voices the sentiments of those who are most familiar with the need of more adequate Normal facilities when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to students to get the amount of teaching practice required in a standard normal school." All the above educators insist that a Standard Normal School must be located in a town of 5000 or more population and having enough grade pupils for teaching practice.

VOTE RIGHT

By voting YES for No. 308 you will help to give to the school children of Oregon the same advantages enjoyed by the school children of our neighboring states. Vote YES for No. 308.

ACKERMAN IS FOR PENDLETON MEASURE

HEAD OF MONMOUTH NORMAL SAYS ONE SCHOOL CANNOT SUPPLY DEMAND FOR TEACHERS.

Monmouth, Ore.—"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and also one in Southern Oregon," said J. H. Ackerman, President of the State Normal School at Monmouth. "It is a well-established fact that a centrally located Normal School cannot supply the needs of the entire state. The need of a Normal School in Eastern Oregon is readily proved by the most cursory investigation of the list of our students and the list of our graduate teachers. The estimated population of our state in 1914 was 795,587. Take for example the eight Western Oregon counties, Clatsop, Clackamas, Benton, Lane, Linn, Marion, Polk and Yamhill counties. Their population for 1914 was 214,608, or less than 27 per cent of the total population of the state, yet 50 per cent of the graduates from our Normal School for the past five years are teaching school in some one of these eight Western Oregon counties. There are 35 counties in the state, yet eight of these counties are getting half of the benefit of the teachers for which all of the counties pay the taxes.

Here is the list. During the past five years we have supplied the following graduates as teachers to these counties:

Clatsop, 14; Clackamas, 20; Benton, 25; Lane, 36; Linn, 28; Marion, 28; Polk, 25; and Yamhill, 20. In other words, 293 of our 407 teachers who have secured places in the public schools in Oregon during the past five years, have gone to these eight Willamette Valley counties. Now take eight typical Eastern Oregon counties and see if they have secured their proper share of teachers with Normal training. During the past five years we have supplied Normal graduates as follows to these Eastern Oregon counties:

Baker, 9; Grant, 1; Harney, 4; Malheur, 2; Morrow, 4; Umatilla, 10; Walla, 7; and Wheeler, 2.

The eight Willamette Valley counties had 203 Normal teachers as against 39 Normal teachers for the eight Eastern Oregon counties. Eastern Oregon received less than 10 per cent as against Western Oregon's fifty per cent.

TO MEET FUTURE STRIKES.

Waterways Men Plan Use of Water Routes to Be Used Against Strikes.

(By United Press)

Philadelphia, Sept. 12.—The plan for a system of inland waterways to insure the transportation of freight and passengers in the Eastern part of the United States in case of a general railroad strike will be considered by the annual convention of the Atlantic Deeper Waterways convention that opened here today. An inland waterways system connecting all navigable rivers, lakes and canals, delegates pointed out, would serve the dual purpose of rendezvous for the navy in time of war and of a means of transportation during labor troubles.

Although Congressman J. Hampton Moore, president; Rear Admirals William S. Benson and A. W. Grant; Major Generals William M. Black and Tasker H. Bliss and Brigadier General E. M. Weaver and others confined their remarks to plans for the Atlantic coast, other speakers later will urge similar plans for the Gulf and Pacific coast states. About a thousand delegates from Atlantic coast towns and cities are here. The convention will last four days, during which, it is expected, addresses will be delivered by United States senators and congressmen of the rivers and harbors committee and the commerce committee. Navy Secretary Daniels is to speak before the convention Sept. 16th at the League Island navy yard.

BENTON FAIR POSTPONED. Will Be Held September 21, 22 and 23 Instead of This Week as Announced. Gazette-Times: The management of the county fair wishes to announce that they find it necessary to postpone holding the same one week. That is, instead of being held the 14th, 15th and 16th, it will be held Thursday, Friday and Saturday, September 21, 22, and 23.

Among other things, it was found impossible to get covering for the protection of the stock until next week. Also the amusement company scheduled to appear is unable to get here on the original dates. The grounds are being put in shape, the track graded, and various improvements that will be entirely completed in time for the big show next week.

Pendleton Has Champion Rider.

E. O. Lee Caldwell, Pendleton boy, who won the championship of the world in the bucking contest at the Round-up last year, last week added another title to his long string when he won the championship of the southwest in a contest held at Garden City, Kansas. News of his victory was received in a telegram from him today by Hamley & Co. He stated in his telegram that he would be home in a few days.

Only last month Caldwell won the Canadian championship at Moose Jaw, wrestling it from Emory Le-Grande who had held it for two years. Besides these titles, he has won the right to be called champion of the northwest and of the states of Oregon, Washington, Idaho, Utah, Nevada and Montana. Undoubtedly he has won more honors in bucking contests than any other cowboy.

Harrisburg Women.

Harrisburg, Sept. 12.—Several officers and members of the Eastern Star are picking hops in one of the nearby hopyards today, and their earnings will be used to purchase equipment for the lodge hall. There has been a large increase of the membership of the lodge during the past year. Several big social events are being planned for the coming Fall and Winter.

The Tented City.

Hundreds of people from Albany have journeyed to the Oregon state fair during the past twenty years to find the Tented City nicely cared for by Mayor Albert Tozier, who worked out a plan that made the state fair camp grounds famous throughout the United States. Last year the Campers association made certain requests for bettering conditions. Owing to the fact that these requests have been ignored and the further fact that the present board has changed the policy of handling the camping feature Mayor Albert Tozier has declined to make assignments and be responsible for the conduct of affairs this year. Dozens of Albany families will exceedingly regret to learn this.

ILLINOIS PRIMARIES.

Lorimer, Ousted from Senate, Now Seeks Congressional Nomination.

(By United Press)

Chicago, Sept. 13.—Ousted from the United States senate for the way he obtained his election, former Senator William ("Billy") Lorimer, was a "comeback" candidate for the congressional nomination on the republican ticket in the state primaries here today.

The appearance of the ousted senator's name on the ballot was the signal for the renewal of the political

cal war on Lorimer. He is opposed for the nomination by three other candidates.

Lorimer recently was acquitted of the charge of conspiracy to wreck the LaSalle street Trust and Savings bank. He has promised to pay all depositors who lost money in his bank's crash.

Candidates for all state offices were to be nominated by all parties today. Every one of the present office holders is a candidate for reelection.

Candidates for governor are: Jas. Traynor, Chicago; W. R. Brianton, Dixon; Edward F. Dunne, incumbent, all Democrats; and Morton D. Hull, Chicago; Frank O. Lowden, Oregon; Frank L. Smith, Dwight; John A. Wheeler, Springfield; all Republicans, and Seymour Stedman, Socialists.
