### 56 H. S. SCHOOLS ENTER FOR OR. DEBATE

Last Year It Was Won By Prineville; Will Albany Win This Year?

Arrangements have already begun for the annual debating tournament of the high schools of Oregon, won last year by Prineville, with Jefferson a close second, Albany made a good showing, but struck a rock well along the course. This year there will be another team in the running.

The number of teams registered last year was 51, this year 56 have entered already, and there will be a few more.

R. L. Kirk, superintendent of schools of Springfield, Or., is president of the league, and Earl Kilpatrick, assistant dean of the University of Oregon extension division, is secretary-treasurer. The schools compete for a university of Oregon cup, which is awarded to the winner in the finals that are held at the university's expense in Eugene each year during May. The 56 high schools that have enrolled are, by districts:

- Lower Columbia—Corbett, Astoria, Upper Columbia—The Dalles, Prineville, Moro, Madras, Wasco, North Willamette—Tillamook, Stayton, Molalla, Canby, Salem, Amity, Forest Grove, Oregon City, Estacada, McMinnville, Silverton, Milwaukie, Woodburn, Gaston, Hubbard, Jefferson, Clatskanie.
- South Willamette—Eugene, Philomath, Springfield, Corvallis, Albany, Junction City, Lebanon, Drain, Glendale, Sutherlin, Harrisburg.
- Coos Bay—Myrtle Point, North Bend, Coquille, Bandon, Marshfield.
- Southern Oregon—Ashland, Medford, Grants Pass.
- Umatilla—Milton-Freewater, Hermiston, Pendleton, Athena, Stanfield, (Reeves H. S.), Condon.
- Eastern Oregon—Union, LaGrande, Enterprise, Elgin.
- Southeastern Oregon—Vale, Nyssa, Ontario.
- South Central Oregon—Klamath Falls.

For years there have been only eight districts; now there are ten.

#### MEETING SITUATION.

British Blacklist and Like Measures Needn't Worry America.

By John H. Hearley. (United Press Staff Correspondent.) Rome, Sept. 15.—British blacklists and other economic and industrial measures needn't worry the American business man, said Clarence W. Moomaw, European investigator of markets for the U. S. Department of Agriculture, here today.

Moomaw's investigations in England, France, Switzerland, and Italy are the basis for his statement. Later he will visit Russia, Scandinavian countries, and Spain.

Moomaw is one of many agents in Europe making plans to protect America's future commercial relations with Europe. Special investigation is being made into the exportation of American grains, livestock and cotton. The department probably will establish permanent agencies in the principal European cities after the war to see that American interests are protected and furthered.

Plans are being made to overcome England's discriminatory freight rates in favor of herself and her Allies and to the disadvantage of enemy and neutral nations. It is said that now, because the grain must be shipped in British bottoms, wheat bought at one price in the United States is sold to Britain and her Allies by British carriers at five times less than it is sold to Switzerland and other neutral countries.

An attempt is being made to establish direct trade relations between the United States and Italy. As it now is, Italy must buy, for instance, all her cotton through Liverpool agents, thus permitting the British to control the Italian-American trade.

The secret of how America is to overcome these difficulties, at least in part, is the investment of American capital in European countries and the establishment of American banking facilities. The National City Bank of New York already has taken steps in this direction in Milan and Genoa.

#### INVITATION.

All fellow citizens and their families, interested in the musical progress of our city, are herewith cordially invited to inspect the new "Wilson" music studios in the Schmitt-Hunt Block, corner Third and Broadalbin streets. A formal reception will take place Saturday September 30, 7:45 p. m., the Wilson orchestra furnishing the music thru the entire evening.

Very respectfully,  
E. LUDWIG WILSON,  
Teacher of Violin.  
MRS. FRANCES M. WILSON,  
Teacher of Piano

### MARGARET CLARK HERE IN "MOLLY-MAKE-BELIEVE"

"Molly Make-Believe," an adaptation of the celebrated romantic story which has ranked among the "six best sellers" ever since it appeared in print, is the next starring vehicle in which delightful little Marguerite Clark is to appear. This celebrated story is to be the Famous Players attraction on the Paramount Program at the Globe tonight and Tuesday.

In the book, it will be remembered, Molly writes a series of remarkably delightful letters to the injured Carl, cheering him up in his loneliness. The spirit of these letters has been maintained in the film adaptation, new elements have been woven into the story which make it a thoroughly absorbing romance, with many touches of comedy. "There is one 'jump-in-the-throat' scene, however, which is worth special mention because of the tremendous power of the situation. That takes place when little Molly, dressed in her gaudy dancing costume, tries to lighten the dying moments of her little cripple friend by dancing beside her bed, though her feet are leaden with the weight of sorrow over the suffering of the Wendal child. Molly dances bravely until the end, when she sinks down beside the bed and weeps as though her heart would break.

This adaptation of Eleanor Hallowell Abbott's celebrated book was directed by J. Searle Dawley, who also directed Miss Clark's recent triumph, "Mice and Men." In support of the star there appear a number of distinguished players, among them J. W. Johnston, Edwin Mordant, Mahlon Hamilton, Gertrude Norman, Helen Dahl and others.

### PENDLETON IS IDEAL LOCATION FOR NORMAL

CITY'S RAILROAD, HEALTH, EDUCATIONAL AND OTHER FACILITIES ADAPT IT FOR SCHOOL SITE.

Pendleton, Ore.—Pendleton's claims for the establishment of a State Normal School are based upon the unusual advantages offered for such an institution. It is ideally located with respect to railroad facilities and in the center of the country which it will serve. Its health conditions are excellent. It has a bountiful supply of clear, cold, pure mountain water.

It offers a library of 12,000 volumes, to which are added 3000 annually, housed in a beautiful new building, erected at a cost of \$40,000. The largest athletic stadium in the Northwest, capable of accommodating 20,000 people; a natatorium, modern and equipped for the use of men and women, built at a cost of \$11,000; ample auditorium room for lyceum courses and lectures and a school system that is without equal in a city of its size. Its facilities and the students necessary for practice teaching have been guaranteed by the city board.

#### LIVE STOCK EXHIBITION

Will Be Held in Portland Dec. 4-9. With \$25,000 in Prizes Offered.

Portland, Sept. 14.—Owing to the splendid manner in which the Oregon Bankers' association; the Portland Chamber of Commerce; the state of Oregon and the different breed associations, have made appropriations, the show this year will take rank with the largest livestock exhibitions in the United States. Between \$20,000 and \$25,000 will be given in cash premiums for livestock. The Short-horn and Hereford association of America have made total appropriations of \$5000, which being matched by the exposition, makes premiums of \$10,000, for those two breeds alone and insures the strongest kind of competition in this class.

Close to \$3000 is being offered in the dairy division, which covers Holsteins; Jerseys, Guernseys and Ayrshires. Practically \$2500 is being given in the sheep classes, while hogs are recognized to about the same extent. The draft type of horses are given over \$1200, divided between Percheron, Belgian, Clydes and Shires. Cattle in carlots are recognized to the extent of \$2500. The student judging contest to be participated in by all of the agricultural colleges of the northwest, again receive \$300.

We call attention of the breeders to the fact that the closing dates are as follows: Breeding classes—November 13, fat classes, November 27. Positively no entries will receive consideration unless in our office at North Portland, on or before noon, of the above closing dates. This rule enables us to put forth a catalogue very valuable to both the visitors and to the exhibitors. Entry blanks will be furnished upon application to the undersigned and exhibitors should note on their entry blanks number of

#### BREITENBUSH SPRINGS.

A Writer Tells About This Fine Place Over in the Hills From Detroit.

A writer in the Jefferson Review tells of the Breitenbush springs in an interesting way, writing from the springs:

The site of Breitenbush hot springs forms a natural camp ground and we believe that no cleaner or more wholesome resort can be found. The lover of nature in her noblest moods, who delights to wander, camera in hand, along the trails where the chipmunks scold and listen to the singing of swift, turbulent creeks, can here satisfy every heart's desire.

While the rich man find an ideal outing, the rates are such that it may in all candor be called the poor man's summer resort. A myriad of hot springs, about 50 in number, comprise this place and an analysis of 12 large ones proves that no two are alike, the two hottest being 185 degrees and 198 degrees. We have steam, plunge and mud baths; also internal treatment. Drinking the water becomes a popular, dissipation with most of the patrons. Being so late in the season there are only 18 campers here now, Salem, Albany, Portland, Scio, Brownsville, Eugene, Los Angeles and Jefferson being represented. A Portland dentist so crippled with rheumatism that he had to be carried in here, is now able to walk around and wait on himself. This is certainly the right place for people so afflicted.

Our principal amusements are playing croquet in the day and spending our evenings by nice bonfire, with music and singing.
