### GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Albany people. Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treat-

## Stop and Think

Is it reasonable to imagine that a chain of 125 Busy Stores can buy cheaper for spot cash than for one store to buy on long time payments? And that is not all—when you trade here you don't pay traveling men's commissions, high rent, gilded fronts, ine fixtures, delivery and loss on credits.

Think it over, use a little good common sense.
