BANKER SHERIDAN MUST SERVE FIVE YEARS

U. S. Circuit Court of Appeals Affirms the Ruling of the Lower Court.

(By United Press)
San Francisco, Oct. 16.—The United States circuit court of appeals affirmed the lower courts ruling in the case of Thomas Sheridan, convicted in Portland March 30, 1915, of abstracting depositors' money from the First National Bank of Roseburg, before it had consolidated with the Douglas County National Bank. Judges Hunt and Gilbert wrote the opinion. Judge Ross filed a dissenting vote.

Mr. Sheridan was accused of using old depositors inactive accounts to promote two sheep ranches in eastern Oregon. The project failed. He was expected to recoup his losses through an Oregon timber tract, and railway scheme in Piedmont, Calif. Neither plan materialized. He is under a five year sentence to McNeil's island. Sheridan contended that the transactions were strictly honest and always expected to repay the loans.

LOST—At the round-up grandstand Saturday, a small mink fur neck piece. Finder please return to Democrat office. Reward. o16-18

GEO. BEBAN AT LAST COMES TO ALBANY

Those who go to see Morosco's latest feature-photoplay "Pasquale" released on the Paramount program at the Globe tonight, will see a very unusual and remarkable production.

George Beban in the starring role of "Pasquale," which by the way, is his own writing, creates a part that is his greatest triumph.

The story is about two Italians.

BUSINESSMEN ARE FOR NEW NORMAL

PORTLAND CHAMBER OF COMMERCE STRONGLY ENDORSES BILL FOR SCHOOL TO BE LOCATED AT PENDLETON.

Portland, Ore.—The Portland Chamber of Commerce, which stands at the head of the businessmen's organization of the state, recently endorsed the measure proposing a Normal School at Pendleton in a resolution, giving the following reasons:

"We believe that Eastern Oregon is reasonable in its demands that such a school be located east of the Cascade mountains, hence we recommend its location at Pendleton as the most logical for the following reasons:

"First, it is a city of some size, having an enrollment of over 1,000 grade pupils.

"Second, Pendleton is very accessible, having over twenty passenger trains each day from five directions.

"Third, its location is as near central as could be expected, making it easy of access at a moderate cost to the students.

"Fourth, it is our understanding that the citizens of Pendleton propose to donate a very favorable site for the school.

"Fifth, many other advantages are. A good public library, several churches, pure water and a live, intelligent community that will take pride in the progress of the school."
