LEAVE 'EM ALONE!

The Pheasants Liberated in Linn County for purpose of Restocking Country.

Scio News: Dr. A. G. Prill received six pairs of Chinese pheasants from the state game warden Wednesday morning which were liberated on F. T. Thayer's farm adjoining town, for the purpose of restocking. Although the hunting season is over, Mr. Thayer took the extra precaution to post trespass notices all over the place, and it is almost unnecessary to say that it would prove extremely unhealthy for anyone to bag one of these birds. They were raised in captivity and were in no hurry to leave their cage when it was opened, as it took them about half an hour to decide to get outside and investigate their new surroundings.

songs will be given making a comparison between Beethoven's songs and those of the composers preceding and following him. The classes last year were well attended and it is hoped that a still larger number this year will avail themselves of the opportunity to hear some of the best music ever written. There is no fee attached to the class and the public is cordially invited to attend.

THE posing of Miss Munson assumes the paramount interest, while the plot and action serve to make the poses acquire a real significance and to give them adequate dramatic setting.

The picture gives a new view of the motion picture as an art medium and marks a new era in the presentation of artistic film spectacles, says Augustus Lukeman, the world-renowned sculptor.
