WOMAN GETS MAD.

Here is a remarkable letter from a St. Paul woman—a woman evidently of sane, cool judgment, keen and intelligent interest in affairs—a letter remarkable because of its clear analysis of the present situation:

"Editor St. Paul Daily News:

"I am not unalterably opposed to war. I have a son and would give him to our country to repel invasion, to uphold the country's honor—but 'Country's honor' and 'Wall St.' are not synonymous terms to me. My father has been a Republican since Lincoln's administration. He volunteered at Lincoln's first call, spent four years in active service, went with Sherman to the sea and was honorably discharged in '65.

"I have been a Republican since I was born and now I am ashamed of Republicans. Where are our Republican statesmen, except a few—we have only politicians?

"In the midst of all the chaos, bloodshed and misery from which our president, in his great, unselfish love, is trying to protect us, the Republican press in our city sits back, almost with satisfaction, at this new disaster (the U-S's sinking of vessels off Nanuet) and says 'It will be interesting to watch.' One would think they were speaking of a prize fight on which they had placed a wager.

"Is this the spirit of Republicanism? It seems to me like the spirit of John Wilkes Booth.

"Mr. Wilson has committed an unpardonable offense, it seems, by keeping this nation out of war. His critics want war. If not with Mexico, then Germany, or Great Britain. He and congress were even inconsiderate enough to keep us from internal disturbance by passing an eight-hour law for 400,000 workmen.

"What manner of man is this who so persistently keeps the peace, when the G. O. P. is so desperate for an issue and there are so many wars lying around loose, smoldering, ready to burst into flame at a moment's notice?

"No matter how our young manhood be made food for vultures. No matter how our land be laid waste or how many homes be left desolate and widows and orphans become charges of the government. Mr. Corporation Man could sit comfortably in his mahogany chair and say: 'Go to it. The common people were getting entirely too critical of our methods of running our business. Now the workmen have something to occupy them besides asking for increased pay or an eight-hour working day. Something else to cripple and maim them besides railroads.

"Just one word applies now to the Republican party—ICHABOD.

S. C. B."

NOT "AMERICA" ONLY.

In a vain striving after some slogan for the Republican campaign which would strike the popular fancy, Ex-Senator Beveridge coined "America Only."

Contrast the selfish narrowness of this with America's history and American destiny and the American policy of Woodrow Wilson.

Our country started with a world wide mission "to offer a home and freedom to the oppressed of all nations." That was the Americanism of the FATHERS OF THE REPUBLIC, L. I. C. and the Americanism of WASHINGTON, of LINCOLN and of WILSON.

Lovers of liberty and justice all the world over have looked to America for inspiration, for guidance, for sympathy and help and they have not looked in vain, least of all in the administration of Woodrow Wilson. Under him the highest traditions of America have been maintained.

WOMEN ARE FOR WILSON.

Miss Jane Addams of Chicago is supporting President Wilson. Well might one of the speakers at the Auditorium in Chicago on President Wilson's recent visit say of her and Mrs. Ella Flegg Young, both of whom were present, "The two noblest women of Chicago were here to welcome President Wilson."

REAL EIGHT HOUR LAW.

The statement that the Adamson law is not an eight-hour law, but a law to increase wages, is false. The law reads in its vital section: "Beginning January 1, 1917, eight hours, in contracts for labor shall be deemed a day's work" on Inter-state railroads.

Of course it effects an increase in wages in that the scale for ten hours is made to apply to eight hours work. It is true also that the law has elasticity that makes it possible to adjust it to the conditions of railway work. The men may work ten hours, say, one day, and six the next. The effect, however, will be to introduce the eight-hour average.

MISFITS

Please come again, Mrs. Hanley.

If she made any votes, it was for Wilson.

One thing about it is that she drew two or three times as well as Fairbanks did here.

One of Mrs. Hanley's jokes was the statement that Hughes is the greatest man in America today—except Teddy Roosevelt.

It has been stated that the rural

credit system was born under Taft. Probably correct. It also died under him by order of Wall Street.

Ida M. Tarbell says this campaign has been boiled down to this: People vs. Privilege. Wilson — Hughes.

Schwab's Jobs.

Chas. Schwab is saying some live things in the magazines. Here is a late one:

"I have always felt that the surest way to qualify for the job just ahead is to work a little harder than anyone else on the job one is holding down.

One of the most successful men I have known never carried a watch until he began to earn ten thousand dollars a year. Before that he had managed with a nickel alarm clock in his bed room, which he never forgot to wind.

Young men may enjoy dropping their work at five or six o'clock and slipping into a dress suit for an evening of pleasure; but the habit has certain drawbacks. I happen to know several able-bodied gentlemen who got it so completely that now they are spending all their time, days as well as evenings, in dress suits, serving food in fashionable restaurants to men who did not get the dress suit habit until somewhat later in life.

"Recently we have heard much about investments. To my mind, the best investment a young man starting out in business can possibly make is to give all his time, all his energies, to work—just plain, hard work. After a man's position is assured, he can indulge in pleasures if he wishes. He

will have lost nothing by waiting—and gained much. He will have made money enough really to afford to spend some, and he will know that he has done his duty by himself and by the world."

308 X YES IS A VOTE FOR YOUR CHILDREN

ONE NORMAL NOT ENOUGH

Oregon has but one Normal School. This school is located at Monmouth. Excellent as is the work of this school it is utterly unable to supply but a small part of the need for trained teachers for the State.

Of more than 6,000 school teachers in the public schools of Oregon, but 12 per cent have been trained for their profession of teaching in Normal Schools. It is a well established fact that our one Normal School cannot supply the needs of the entire state. That is why we ask for your work and vote for the proposed Eastern Oregon State Normal School at Pendleton, Oregon.

GIVE EASTERN OREGON SQUARE DEAL

Eight counties in the Willamette Valley have employed during the past five years, 208 teachers who have graduated from the Monmouth Normal as against 91 from the Normal School graduates for the eight leading counties of Eastern Oregon.

During the past five years the attendance of students from nine Willamette Valley counties was 877 students as against 81 students from nine of the leading counties of Eastern Oregon.

Owing to the crowded condition of our one Normal at Monmouth and also the distance and expense of attending, students from Eastern Oregon are compelled to go to neighboring states to secure their training as teachers.

ONLY COSTS 4 CENTS PER \$1,000

The annual maintenance cost of the proposed State Normal School in Eastern Oregon amounts to but one 25th of a mill or 4 cents on a thousand dollars of taxable property. Isn't it worth this to have your children trained to become useful and productive citizens?

STRONG ENDORSEMENTS

Among those who strongly endorse the establishment of the proposed Eastern Oregon Normal School are Governor Withycombe, J. H. Ackerman, President of the Monmouth State Normal; W. J. Kerr, President of the Oregon Agricultural College; P. L. Campbell, President of the State University; Robert C. French, former President of the Western Normal, and practically all of the leading educators of the State. J. A. Churchill, Superintendent of Public Instruction, voices the sentiments of those who are most familiar with the need of more adequate Normal facilities when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to students to get the amount of teaching practice required in a standard normal school." All the above educators insist that a Standard Normal School must be located in a town of 5000 or more population and having enough grade pupils for teaching practice.

VOTE RIGHT

By voting YES for No. 308 you will help to give to the school children of Oregon the same advantages enjoyed by the school children of our neighboring states.

Vote YES for No. 308.
