Congressman Hawley, spoke at a meeting at the opera house Saturday night, and left yesterday morning for Salem. He has been covering the district, having had the liveliest opposition since he began the congressional business several years ago.

## 308 X YES IS A VOTE FOR YOUR CHILDREN

### ONE NORMAL NOT ENOUGH

Oregon has but one Normal School. This school is located at Monmouth. Excellent as is the work of this school it is utterly unable to supply but a small part of the need for trained teachers for the State.

Of more than 6,000 school teachers in the public schools of Oregon, but 13 per cent have been trained for their profession of teaching in Normal schools. It is a well established fact that our one Normal School cannot supply the needs of the entire state. That is why we ask for your work and vote for the proposed Eastern Oregon State Normal School at Pendleton, Oregon.

### GIVE EASTERN OREGON SQUARE DEAL

Eight counties in the Willamette Valley have employed during the past five years, 202 teachers who have graduated from the Monmouth Normal as against 39 Monmouth Normal School graduates for the eight leading counties of Eastern Oregon.

During the past five years the attendance of students from nine Willamette Valley counties was 877 students as against 91 students from nine of the leading counties of Eastern Oregon.

Owing to the crowded condition of our one Normal at Monmouth and also the distance and expense of attending, students from Eastern Oregon are compelled to go to neighboring states to secure their training as teachers.

### ONLY COSTS 4 CENTS PER \$1.00

The annual maintenance cost of the proposed State Normal School in Eastern Oregon amounts to but one 4th of a mill on a \$4 cent on a \$1.00 of taxable property. Isn't it worth this to have your children trained to become useful and productive citizens?

### STRONG ENDORSEMENTS

Among those who strongly endorse the establishment of the proposed Eastern Oregon Normal School are Governor Withycombe, J. H. Ackerman, President of the Monmouth State Normal; W. J. Kerr, President of the Oregon Agricultural College; P. L. Campbell, President of the State University; Robert C. French, former President of the Western Normal, and practically all of the leading educators of the State. J. A. Churchill, Superintendent of Public Instruction, voices the sentiments of those who are most familiar with the need of more adequate Normal facilities when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"I trust that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to students to get the amount of teaching practice required in a standard normal school."

All the above educators insist that a Standard Normal School must be located in a town of 5,000 or more population and having enough grade pupils for teaching practice.

### VOTE RIGHT

By voting YES for No. 308 you will help to give to the school children of Oregon the same advantages enjoyed by the school children of our neighboring states.

Vote YES for No. 308.

## CITY NEWS

**Judge Waters Here—**  
Judge Virgil Waters, of Marshfield, was in the city on his way home from Corvallis, his former home. He was once county judge, and also county clerk, a live wire. He is in charge of the big Kinne estate at Marshfield.

**Candidate Leedy—**  
B. G. Leedy, of Corvallis, was in town yesterday. He is making a live campaign for election to the legislature, with good prospects of election.

**Lumbermen Coming—**  
Members of the National Lumbermen's Association will make a trip to the Northwest this month, having conferences in the cities visited. They will be in Portland Nov. 20 and 21. The trip is an important one to the lumber interests.

**Election Predictions—**  
The state republican central committee predicts Oregon for Hughes by 25,000. If that is all they claim the state will probably go for Wilson. The committee claims Linn county by a big majority. Linn will probably go for Wilson. Nine out of ten straws look that way. The Democrat's guess is Oregon for Wilson. These central committees have to predict victory.

**College Chorus—**  
There will be a meeting of the college chorus tomorrow, Tuesday, evening, at 7:30 at the chapel. It will be under the direction of Mrs. McNeal. All who wish to join this chorus, for one hour's drill each week are invited to be present.

**Library Teas—**  
A series of library teas has netted the library between \$70 and \$80 so far. This means an attendance of about 700, and altogether nearly seventy teas. They will be continued for a month or two, and all who can should keep the chain going.

## How Old Are You?

An old proverb says: "It is never too late to learn." If you have let the years of youth pass without accomplishing anything, don't get discouraged. No man is a failure until he becomes a quitter. Men have done great things in their older years. Franklin at 50 studied natural philosophy; Dryden and Scott were not known as authors until each was in his fiftieth year; Handel was 48 before he published any of his great works. And is never too late for you to begin to accumulate money. We welcome you.

## MRS. YATES IS 79.

The Yates Clan Gather at Corvallis in Honor of Mrs. Jos Yates, of Portland.

Mr. and Mrs. Walter Yates, of Albany, Mr. and Mrs. J. H. McConnell, of Shedd; Mr. and Mrs. Wilbur Yates, Mr. and Mrs. Joe Yates and Mr. and Mrs. Victor Yates and children all residents of Linn county, were in Corvallis yesterday and were guests at the home of Mr. and Mrs. Joseph Yates. They came to this city to aid in making memorable the 79th birthday anniversary of their mother, grandmother, and great-grandmother, Mrs. Joseph, and twenty relatives were present at the elaborate dinner served—Corvallis G.T.

## MARRIED.

Moss-Stellmacher—Last Saturday a wedding of much interest occurred, when G. H. Moss, a well-known resident of Tangent, was united in marriage to Lydia M. Stellmacher, the daughter of Mr. and Mrs. G. C. Stellmacher, of Tangent.

The bride was beautifully gowned in crepe meteor, trimmed with oriental overlace. The bridal veil was of chiffon crowned with a cluster of lily of the valleys.

Mr. and Mrs. Harvey Grell, recently married, stood with the happy couple, who were recipients of hearty congratulations and fine presents.

They will reside on the Moss farm at Tangent after an extended honeymoon, where they are well known and popular.

A. L. Fisher and Rev. G. H. Young went to the wedding, the latter performing the ceremony. Mr. Fisher is an old friend of the Stellmacher family and stayed over Sunday for a visit.

## Resented Attack—

A Republican former clerk of one of the country school districts in the city today resented the attack on Supt. Jackson. He declared that his district bought furniture thru Supt. Jackson because the price was lower than that of any other house.

## Church Fair—

The ladies of the United Presbyterian church, will give a fair in the basement of the church on Nov. 22, at which they will sell fancy work, have domestic science booth, candy booth, etc., and also serve lunches.

## Bible Lectures Appreciated—

That the Bible lectures of Dr. White, of this city, are being appreciated at Corvallis, where they are being given, as a preliminary to the proposed theological seminary, Tuesday night and Sunday afternoons, is manifest from the large audiences attending. Yesterday afternoon, notwithstanding the very stormy weather, the main auditorium of the Evangelical church was nearly full, about three hundred being present. These are to be given during the winter.

## ? ? ? ? ?

## Why Vote Pendleton \$125,000

for something we already possess—a State Normal School plant in Eastern Oregon?

Why vote an annual tax of one-twenty-fifth of a mill for a Pendleton Normal when one-fortieth of a mill would provide ample maintenance for the Weston Normal?

Do you want to be out of pocket \$350,000 in ten years? This is the approximate sum that a Pendleton Normal would cost over and above the cost of the Weston Normal, allowing for a nominal increase in state valuations.

Every man, woman and child in Oregon is annually taxed \$30, according to A. H. Harris, a Portland writer. Taxes for all purposes in 1916 reached the enormous total of \$22,000,920.94. Schools alone cost \$7,000,000. Why toss tax money away by granting Pendleton's absurd demands?

## Why Not Reopen the Weston Plant?

It's ready for use and consists of four buildings and ten acres of ground. It has been recently inspected and approved by such prominent architects as Beezer Bros. of Seattle and Osterman & Siebert of Walla Walla. Beezer Bros. say that \$2000 properly expended on the principal building would bring it to an "almost perfect condition." These substantial taxpayers, officials and men of affairs denounce the Pendleton scheme as one of "extravagant folly."

J. M. Banister, Mayor of Weston; Homer J. Watts, Mayor of Athena; B. B. Richards, Recorder of Athena; H. A. Barrett, Merchant, Athena; C. A. Barrett, State Senator, Athena; H. B. Lee, ex-County Commissioner, Milton; J. F. Slover, Merchant, Freewater; C. D. Hobbs, Mayor of Milton; H. L. Frazier, ex-County Comm'r., Milton.

Why did not Pendleton confine her bill to a normal school proposition? Why does she seek to "validate" institutions that are firmly and lawfully established? Is it not clear that this is a vote-catching device? Isn't it "log-rolling" of the rankest variety?

And finally, would you care to send your children to a town impregnated with Round Up atmosphere? Isn't it a fact that a great Round Up town is for that very reason a poor state school town? Would you want your children to carouse, dance and gamble in Happy Canyon or to even witness its wanton revelry?
