A BAD MAN WITH A REASON.

And When Gun Man in "The Good Bad Man" Finds Reason Without Foundation, Turns Good

Most of the villains we have had in photoplays from the very beginning of the film industry have been the "utter" villain of tradition. They have been bad just on general principles. Douglas Fairbanks, however, has come to the rescue with an innovation in "The Good Bad Man," a Triangle-Fine Arts feature which he wrote himself, and in which he is starred at the Globe tonight.

The bad man here is a most likeable young chap, whose deprecations take eccentric channels.

In the course of the stirring action of the play, "Passin' Through" learns that his father is honorably married to his mother, and that his parentage was regular in every respect.

Thompson Defeated—

The returns from Lake county indicate that W. Lair Thompson, republican candidate for senator of Crook, Klamath, Jefferson and Lake counties has been defeated by Geo. T. Baldwin, a Democrat. Thompson is a son of Mrs. Rufus Thompson, of this city, and formerly resided here, at one time being city recorder. He was president of the last senate.

Two R. R. Men—

H. A. Hinshaw and Mr. Jennings, of the S. P., were in the city yesterday looking around the city in the interest of the road. They are two popular and efficient railroad men.

Largest Delegation—

A crowd of Albany women yesterday attended the convention of the Ladies of Maccabee at Salem, and report a fine time and first-class treatment. The Albany delegation had the honor of having the largest delegation present and brought back a pennant.

PORTLAND MARKET

Steers Bring as High as \$6.75; Hogs \$9.80 and Shepp \$8.75.

Cattle—A very light run of 600 head opened the weeks trading. The keen demand from both local and outside packers and butchers advanced prices 15 to 35 cents on all kinds of cattle. The quality of Monday's run was very common, there were a few loads of good cattle here; one load of good steers brought \$6.75, with a few other sales at \$6.60, the balance of steers sold from \$3.50 to \$6.00. Demand for this stuff was good, one load of prime heifers brought \$6.00, which was about 35 cents over last week's market. Good cows brought \$5.50 while ordinary kind brought \$4.75 to \$5.00. Bulls were in good demand at 25 cents higher prices, there were no prime heavy bulls offered for trade, fair to good bulls brought \$4.00 to \$4.25. There were a number of loads of feeders, although demand was rather light, prices in sympathy with beef cattle advanced 25 cents, with a few feeders going at \$5.75.

Hogs: There was a liberal supply of good hogs here Monday, one of the best runs for some time. One load of choice butchers brought \$9.80, with several other loads of prime stuff to packers going at \$9.75. The bulk of sales were made at \$9.60. There was a good demand from all packers and butchers and offering all sold early.

Sheep: There is practically no change in the sheep trade. One load of choice East of the mountain lambs brought \$8.75 today with a number of loads of Valley lambs at \$8.50. Valley yearlings brought \$7.50; good mutton ewes at \$5.55. A very good demand continues for all kind of sheep.

NEXT HOUSE

Will Be Close Without Much Margin—Democrats Now Far Ahead.

Washington, Nov. 9.—Neither party can yet count on control of the next house of representatives. Latest returns leave the balance of power resting with eight doubtful seats.

The Democrats appear to have captured 214 seats and Republicans 210, excluding two Progressives and one Independent, who probably will act with the Republicans. This gives the Democrats a scant lead of one vote, with eight seats in doubt. In the present house, the Democrats have a majority of 21. Either party, with only a bare majority, may have difficulty in organizing and electing a speaker. A slight revolt will turn a majority into a minority.

Two straight out Progressives are elected, Schall of Minnesota, and Martin of Louisiana. Both are members of the present house.

The Socialists lost the only member they have, although beaten only by a narrow squeak in two Milwaukee districts, and two others in New York City. Lunn, elected from New York, as a Democrat, was expelled by the Socialist party.

A prominent leader of either party has been defeated. An unusually large number of members have been re-elected, so the house will change to a lesser extent next March than for many years. Among the best known men defeated are Roberts of Massachusetts, and Bennett of New York, republicans; and Bailey of Pennsylvania and Cullop of Indiana, Democrats.

ELECTION SQUIBS.

A big thing is the fact that we can elect a president without the vote of either New York or Indiana.

Criticism and mud throwing are poor assets in a presidential campaign.

If all the counties of the state had done as well as Linn the state would have gone for Wilson by five thousand.

Fastest runner in the U. S.—Velma Davis, of Albany, Or., U. S. A.

Registrations don't indicate very much after all.

If Oregon could have had another visit from the golden special it would have gone for Wilson sure.

And another visit by Mr. Hughes would have helped.

The word concede is very popular these days.

Some people give up hard. They are like the old fashioned cat that would squirm in the frying pan until eaten.

The Democrat has tried to be fair, without prejudice. Political preference is a personal matter, and one has as much right to favor one candidate as another without favor or abuse.

If Mr. Hughes had remained at home and never made a speech it is doubtful if he would have been defeated.

Single Electric Treatment Stops Tumor Pains

Albany Woman Goes to Dallas for Treatment

Mrs. Sadie A. Downing of Albany, Ore. had for three weeks been suffering from intense pain in the groins so so that she could scarcely do her work. Not wishing to undergo the dangers of a knife operation which she was told would be necessary in her case, and having read in the Albany Democrat about the bloodless electrical operations and electric treatments of Dr. Toel of Dallas, Ore., she went there on Saturday to be examined.

Dr. Toel found a tumor of the womb complicated with a great deal of inflammation of the surroundings.

To stop the pain he gave her an electric treatment which in half an hour had stopped the pain entirely, so that she could return at ease in the afternoon to Albany to arrange for her stay in Dallas for some weeks to have the tumor treated by electrical absorption.

When she returned on Monday to Dallas she informed the doctor that she had been entirely free of pain all night and all Sunday, while before she had pain right along.

She wishes her friends in Albany to know about this quick result of electric treatments as used by Dr. Toel in Dallas.

MAN OF MYSTERIOUS POWER MAKES STORY OF NEW FILM

How a mysterious man, cast ashore by the waves, exercises his influence over a girl he has never seen before, makes her believe she has married him, and then leaves her, is told in Wm. Fox's new photoplay production, "The Unwelcome Mother." Walter Law, a new film giant, plays the part of Mason, the sailor, in this film which features an all-star cast. This is the attraction at the Rolfe tonight.

The story tells how Elinor, a child of the waves, is raised by old Peter (Tom Burroughs), a light-house keeper. She meets Mason (Walter Law) a rough sailor, and she marries him with a ceremony that he originates. He takes a ring from her finger, and one from his own, binds them together on a key ring, and throws them into the ocean.

Then he leaves her, saying that he will return some day.

Meanwhile, she meets Judson (John Webb Dillon), a rich widower, who educates her and marries her. When she gets to his home, she learns that the memory of his first wife is held sacred by his children (Violet Debi-cari, Jane Lee, and Katherine Lee), and they will have nothing to do with her.

She decides to leave. As she opens the door, she finds Mason standing there, waiting for her. Hudson has followed, and he listens while she tells him the whole story. He allows her to choose her own course, and she is about to go away with Mason, when little Ann, the eldest of the children, comes to her, and takes her hand.

"We love you. Don't go," she says.
