The Albany Art Craft

DANCING NOVELTY.

It is to Be Geometrical and Cerebral Instead of Merely Emotional.

(By United Press)
New York, Nov. 10.—Abas, Salome, likewise the sensuous Egyptian and the tantalizing, wriggling hula-hula maid, each of whom, it seems, took a lesson from Miss Hootchie-Kootchie—America is to have a new stage dance.

Methochoric or geometrical dancing is its label and Mme. Valentine de Saint Point is its exponent. She is now enroute to New York on the Monsenaat from Barcelona, Spain. The dancing which she will introduce has a "cerebral quality," which is explained thusly.

While music, painting and sculpture have changed in form and method becoming more "cerebral" instead of merely emotional, dancing has remained an art which appeals through the eye, to the sense alone. In the new geometrical dancing all of the ele-

ments which fill the house when Mary Garden dances Salome are retained and artistries are introduced giving the movements meaning.

The dances are staged with Mme. de Saint Point's own poems set to music by Debussy, Ravel and other composers. In some the garb is very light, in one, however, a coat of mail, with only slits for the eyes is worn.

CITY NEWS

Chamberlain to Speak at Eugene—Geo. E. Chamberlain, United States senator, will be in Eugene next Wednesday to speak at the University assembly on "Military Training." Senator Chamberlain is chairman of the military affairs of the senate, has been active in recent legislation along this line and is cooperating with the University in establishing military drill for underclassmen at the University.—Register.

At Salem—Mrs. A. Austin and Mrs. Charles Schoel returned yesterday from Salem, where they attended the convention of Lady Maccabees.

White Here—Ex-Sheriff Bob White was in the city yesterday afternoon interested in the election returns.

A Reminder—One of the last reminders of the timber days at Truckee, California, was uncovered a few days ago when workmen demolishing one of the old

Truckee Lumber company's sawmills uncovered a bell used by the vigilants. It was used to summon the vigilants when the leaders felt the necessity of taking the law in their own hands and exercising the prerogatives of Judge Lynch.—Ashland Tidings.

Or. Real Dry—It now seems probable that the prohibition amendment, prohibiting the shipment of liquor into the state has passed by about two thousand. At first it was thought it was defeated. The brewers' amendment has been defeated by an immense majority.

Mrs. Thompson Elected—Mrs. Alexander Thompson, of The Dalles, who made one of the best speeches at this city, during the campaign, has been elected to the state legislature. She is a woman of striking ability, a fine speaker, with a personality that is bound to make her friends.

Buy Albany Garage—G. T. Hockensmith, of this city, and Lloyd Templeton, recently of Halsey, have bought the business of the Albany Garage, of Jack Hammel, and will hereafter run the garage, adding

their Studebaker autos and service to the equipment. Mr. Templeton, who comes here, has had several years' experience in the auto business, making a strong auto combination. The firm name will be Hockensmith and Templeton.

Round-Up Increases Booze—The receipt of affidavits for liquor shipments shows that the round-up increased the importation of booze in Albany considerably during October. The number of shipments received was 744, compared with 656 for September and 593 for August.

Marriage License—License to wed was issued today to Herman F. Anthony, 41, farmer, and Margaret Harris, 34, both of this city.

Simply Terrifying—An old lady was in the same railway car as a party of golfers.

"I found fearful trouble this morning," said one. "At the first I fell right into the middle of a blackberry bush and at the second I was stuck up on the top of a tree. I pitched out of bounds into the farmland at the third, got caught by the wire at the fourth, stuck fast in a deep hole at the fifth, found myself buried in mud at the sixth, I was lying in a heap of rough stones at the seventh, got lost at the eighth and finished up at the bottom of that dirty ditch at the last hole."

"Gracious me!" cried the horrified old lady from her corner in the car, "and they told me that golf was an old man's game! I'll never let my Ed-win play again!"—Exchange.

Out of Abundant Caution—There is a property owner in Pennsylvania who has endeavored to incur censure in his tenants the principle of arbitration with reference to their disputes, offering himself as arbiter.

On the occasion of the last dispute of this sort the owner before undertaking a solution put to one tenant the usual question:

"Now, William, if I consent to arbitrate will you abide by my decision?"

William hesitated a moment, then said:

"Well, sir, I'd like to know what the decision is first."—Case and Comment.

Going All the Way—"How's farming?"

"Fine! You know that abandoned farm I plucked up?"

"That prompted my question."

"I sold quarry rights to one crowd and rented the surface as golf links. Now if I can lease the air to some wireless company I'll have about everything under cultivation. Who says intensive farming does 't pay?"—Chicago Journal.
