

## The new Welworth Blouses are here---good news for a lot of thrifty women

These Welworth Blouses are always placed on sale here---the same day that they first make their appearance in the Style Centers of the Country.

One of the new models is made of tub silk of an excellent quality; the other of a silk Shantung in natural color---pretty trimmed with taffeta of contrasting shades. With the prices of silks as high as they are---and soaring higher all the time---these are really the most unusual values.

Just a limited number---and no more of these same models will be obtainable
