PORTLAND WEEKLY STOCK MARKET REPORT

Cattle—There was a good run of cattle here Monday and a very good trade. The demand was very good and prices were 15 and 25c higher on most all sales, over a week ago. At the close of last week prices were firm and buyers were anxious to get prime heaves. The good to choice cattle were in the best demand and the medium and common stuff is not finding as good a sale, but butchers were out for offerings in good numbers and a clearance on a steady to 25c higher basis ruled on this class.

Beef Steers—Packer buyers have purchased liberally the last few weeks and continued Monday, especially the good fat steers being in heavy demand. Quality of the steer offerings today was very good, although there were no strictly top beef steers sold. Prices on the good grades ruled a good 15 to 25c higher. Steers that sold a week ago at \$6.75 to \$6.90 brought \$7.00 to \$7.10 Monday. There was a large supply of this kind of beef here and all sold early in the trade. Good and medium ones ranged from \$6.15 to \$6.75, while ordinary valley and Jersey stuff ranged from \$5 to \$6; outlet for all classes was good.

Cows and Heifers—Exceptionally keen demand for the stuff has been in evidence here the last few days and Monday with a fair supply prices advanced 10 to 25c. One load of prime Galloways brought \$6.15. There were a few heifers in the bunch. Good cows sold from \$5.65 to \$5.85, with medium grades around \$5.50. Pair \$5 to \$5.25. Common grades sold down to \$3.

Stockers and Feeders—The feeder and stocker supply was limited with a fairly good demand. One bunch of choice feeding steers brought \$6.25 which is an advance of fully 25c. Good feeding steers sold at \$5.50 to \$5.75 with other grades down to \$4.00. The stocker trade was slow at steady prices. Best cows and heifers brought \$5 to \$5.25.

Hogs—Monday's general market ruled much better, there being a very good outside demand and prices were a good 10c higher than last week's closing trade. Packers top was \$9.85 for one load of prime heavy packing while the bulk of good hogs brought \$9.70 to \$9.75. Butcher top was \$9.75; pigs were in fair supply and sold at steady prices, bulk brought \$8.25 to \$8.75.

Sheep—There is practically no change in the sheep division. There was but a light supply offered which were eagerly taken by local packers, no strictly choice stuff has been offered the last few days. Valley lambs again brought \$9 with a bunch of east of the mountain lambs at \$8.50; wethers \$7.75 ewes \$5.75.

MYRTLE STEADMAN STARS IN "THE AMERICAN BEAUTY"

Reflecting the characteristics of each foreign artist, the studios of the different painters in "The American Beauty," are all distinct. Each studio differs from the other by some racial traits of the owner that are hard to define but are none the less evident. In this Pallas-Paramount photoplay the artists are shown assembled at a gay, cafe dinner-party. A party is being given by Peruzzi the Italian artist, who has sold a picture. Such an event must be celebrated by all.

The host in his elegance and his emotional pride reflects his race. Beside him sits the bored and listless Englishman with monocle and faint mustache; next the handsome, volatile son of France; the gestivating German of theories; then the bulky Russian peasant with talent and a magnificent beard; and on his right the complacent wellbred looking American. As the stimulation of the wine, the music, the complex shifting scenes, and the dancing stairs their imaginations each in his own way praises his ideal beauty. (The scene is magnificent). Each boasts of his national type. The contest resulting makes for a very clever plot and allows for some artistic scenes of classics posing. This incidental feature of Myrtle Steadman's starring vehicle coming to the Globe tonight is one touch in a fascinating story of the sea, the metropolis, studio life and homes of wealth.

ALBANY ASTONISHED BY SIMPLE MIXTURE

Albany people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler-i-ka acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble.

FIGHTING TUBERCULOSIS.

School Children of Oregon Asked to Join By Selling Red Cross Seals.

The children of 1400 rural Oregon schools have been using lessons on the fight against tuberculosis as texts in their class work during the past year. The lessons were furnished free by the Oregon Association for the Prevention of Tuberculosis as a part of its work.

Now they are organizing to help the Red Cross Seal sale of the Association so that this method of disseminating information may be continued and the association be strengthened in its campaign to exterminate the dread disease in this state.

Acting under the formal approval and permission of the Board of School Directors, the children of 52 Portland schools will also join in the big movement.

Last year the children secured \$775.74 from the sale of Red Cross Seals. It is expected that more than \$1000 will result from their enthusiastic work this year. Their effort will be made principally during "Tuberculosis Week."

This comes December 3 to 10, reaching a climax with "Tuberculosis Sunday," December 10, when every pulpit in the state is asked to join the campaign by recounting progress and repeating the warnings against the disease.
