The future of America depends upon the United States exalting the Golden Rule policy among the nations so that small and great nations may have no reason to attack us, and shall know that we are the friend of all.

Grateful Patient Leaves Dallas for Home in Albany Again

Three weeks ago I came to Dallas from my home in Albany to consult Dr. Toel.

I had been suffering with severe pain in the groin for three weeks. Dr. Toel on examination found a fibroid tumor of the womb making it about double the normal size, and combined with inflammatory trouble of the surroundings. His first electric treatment stopped the severe pain in the groin entirely. Naturally I returned to Dallas to have Dr. Toel treat me for the tumor.

I had been suffering from constipation for six years caused by the pressure of the tumor upon the rectum, while the weight had also forced the womb down.

The womb itself also pained a great deal. Dr. Toel treated me with five different electric machines with such good results that in three weeks' time I am able to return home free of pain and the feeling of pressure, the four bloodless electric operations he performed having reduced the tumor, thus avoiding an operation with the knife, which as I was told by doctors in Albany, would be necessary in my case.

For six years I had been suffering from constipation and had to take medicine every evening to make my bowels move in the morning. I have now been entirely cured of this for several weeks, my bowels moving perfectly every day.

I am naturally very grateful to the doctor and want to call especial attention to the fact that on being convinced that I was not well-off, he made me a very reasonable fee for his work. But not only that, but when after I had paid him for a certain number of treatments he found out that two treatments a day would be necessary to cure the constipation, he gave them to me free of charge. I recommend all women that suffer like I did to consult Dr. Toel for he will examine them very thoroughly and treat them in the most pleasant way, while his fees are very reasonable.
