### BERTHA KALICH IN LOVE AND HATE

Madame Bertha Kalich, foremost tragedienne of the American stage, appears in a new William Fox photoplay at the Rolfe Theatre this week. The picture is "Love and Hate," and it opens on Friday for a run of two days. Madame Kalich plays the part of a woman whose home life is wrecked by the intrusion of a man who falls in love with her. She repels his attentions, and in revenge he ruins the husband, and finally forces him to seek a divorce. After the decree is granted, the woman, goaded on by the repeated attentions of the man who had made her unhappy, kills him. Then the husband realizes that he has been duped, and takes his wife back to him. In the cast supporting Madame Kalich are Stuart Holmes, famous Fox heavy; Madeleine Le Nard and Kenneth Hunter, who has appeared in former films with the great actress. James B. Vincent did the directing.

### GREATEST AUTO SHOW TO OPEN SATURDAY

New York, Jan. 3.—The greatest auto show in the world, according to all advance indications, will open Saturday in Grand Central Palace, New York, to continue one week. While monster exhibitions of automobiles and accessories were held in London, Berlin and Paris before the war, it is the opinion everywhere that the forthcoming show will eclipse anything the world ever has seen. It certainly will be more of an American show than any other ever held, for American manufacturers will be represented almost solely.

The show will be the 17th annual exhibition to be held under the auspices of the National Automobile Chamber of Commerce, Inc. Exhibitors will include, besides those who make automobiles from the tires to the tops, the small accessory manufacturer, and the sideline showman. There will be many new cars on exhibition, but the main group will include products of these manufacturers whose plants have been the basis of the growth of the automobile industry.

Every one of the 16 types of bodies, and every price at which cars can be obtained, will be represented. There are few changes in body design, the main upsets being in motor construction. Twelve, eights, sixes and fours representing the various styles of motor construction, will be present in profusion, to cough and splutter their merits to the visitors.

Sixteen types of bodies, designated as roadsters, coupelet, coupe, convertible coupe, cloverleaf, touring car, sedan, convertible sedan, open sedan, limousine, open limousine, berline, brougham and landaulet, will be on display. Devices and accessories will be given space on the second floor of the palace. More than 225 exhibitors of this class of automobile products will have booths.

Farmer's Week—This is farmers' week at the O. A. C., with a record attendance, farmers coming from all parts of the state. Josephine county alone, for instance, sent 12, Wasco 25. It is a big thing and deserves the attention given it.

record than Alexander shows. When it is considered that the Nebraskan established a new record for the number of shutout contests, his superb method of working is best appreciated. He kept the opposition away from the plate on sixteen occasions. Not another hurler ran his shutouts higher than six.

### SECOND BOMB TRIAL BEGUN AT SAN FRANCISCO

San Francisco, Jan. 3.—(By United Press)—With W. Bourke Cockran occupying the spotlight as chief counsel for the defense, the second trial resulting from the Preparedness Parade dynamiting here began in superior court today.

Thos. J. Mooney, alleged leader of the four men and one woman accused of having plotted to place the bomb which exploded in the midst of paraders on July last, killed ten persons and injured 50, was on trial for his life.

The presence of Cockran has drawn the attention of the country to the trial in much the same way that Clarence Darrow's activity in the defense of the McNamara brothers drew the country's attention to that trial five years ago.

Following the conviction in September of Warren K. Billings, first of the five alleged conspirators tried, Cockran, noted New York lawyer, volunteered his service to the defense. He will serve without compensation, according to officers of the International Workers' Defense league, which is conducting the defense.

Indicted with Mooney as a co-defendant is his wife, Rena Mooney, a music teacher and strike organizer. Thomas Mooney, leader of the defendants was active in spreading strike propaganda and had planned to cause a general strike of United Railways platform men here a short time before the fatal Preparedness Day parade.

It was alleged by the prosecution that the bomb had been set to explode at a time when non-union employes of the street railway lines would pass the point where the bomb had been placed at Steuart and Market streets but that a delay in the start of the parade upset the plans of the dynamites.

The defense claims all the defendants are innocent and are victims of circumstantial evidence. Mooney surrendered to the police after reading newspaper statements that he was implicated in the crime. He was stopping at a summer resort at that time.

The case has been featured by several alleged confessions which were later refuted. A number of photographs taken on the day of the Preparedness Parade are held by both sides as evidence.

The trial opened in Superior Judge Frank P. Dunne's chambers. District Attorney Charles M. Fickert and a corps of deputies represent the prosecution while Cockran and Maxwell McNutt represent the defense.

### ENORMOUS TRIBUTE

American Mining Concerns Must Pay \$50,000,000 Patent Royalties.

(By United Press.) Denver, Colo., Jan. 4.—As a result of the recent decision of the United States Supreme court giving the patent rights of the Mineral Separation company to the flection process used in the separation of ore, the mining industry in the United States will pay to the English company something like \$50,000,000 in back royalties, according to estimates made by State Mines Commissioner Fred Carroll today.

Five hundred dollars per day is Mr. Carroll's estimate of the aggregate royalties which delinquent mining companies in Colorado will have to pay, these being companies which have been using the flotation process but paying no royalties. The big metal producers of the state already are licensed and paying the English company for the privilege of using the process.

Some idea of the revenue which the Mineral Separation Ltd., will derive as a result of the decision may be gained from the cases of the Inspiration Mining Co., of Arizona and the Anaconda of Montana. These two companies some time ago entered into twenty-year contracts with the English corporation whereby each was to pay yearly royalties of 150,000. It was provided that if the courts did not uphold the claim to the flotation patents, the English company was to be satisfied with the first year's payment of \$150,000.

Inasmuch as the claim has been upheld, these two companies alone, in the next twenty years will pay Mineral Separation Ltd., \$12,000,000 in royalties.

### CHAMPION PIG RAISER

St. Paul, Minn., Jan. 2.—(By United Press)—Because she stayed home from parties and cared for her pigs, Miss Ruth Cunningham, 16, is champion pig raiser of Minnesota today. The award was made by the University of Minnesota agricultural school here. Ruth raised high-brow pigs. Each day she scrubbed her pigs by hand, and followed that by giving them a shower bath. Then she massaged each pig with oil daily. Comfortable couches were arranged for the pigs in the shade of trees on her father's farm. Her pig men consisted of milk, timothy, clover, salt, lime, coal, green vegetables—and all were served in individual troughs.

Jim Carver took the 12:15 Electric Sunday to Corvallis to visit with friends.

Miss Grace Miller returned home from Monroe Sunday after spending the week with Miss Mildred Coon of that place.

The close neighbors and friends of Mr. and Mrs. H. C. Schultz gave them a surprise Saturday night, Dec. 30th, the occasion being their second wedding anniversary which is called a paper wedding. A beautiful picture was presented to them, the evening was spent in playing games, and a sumptuous repast was served at 10:30; after which all dispersed to their homes, wishing them many more years of happy married life. Those present were Mr. and Mrs. I. M. Saxton, Mr. and Mrs. L. C. Miller and children, Helen and Clare; Mr. and Mrs. J. F. Ristig and daughter Mary; Mr. and Mrs. L. R. Morgan, Mr. and Mrs. Louis Schultz and daughter Gladys; Geo. Leeper, and Mr. and Mrs. H. C. Schultz.

L. R. Morgan, the section foreman, went to Harrisburg on the 9:54 Electric to have his arm reset by Dr. Dale. Mr. Morgan met with a serious accident last week, breaking his arm. Mr. and Mrs. H. C. Schultz of Fayetteville are spending a few days this

### TWO U.O. PLAYERS BACK FROM THE BIG GAME

Eugene Register: "Pennsylvania did not show nearly as much as I expected, and outside of Berry's punting, which was good, I could not see where they really had a thing on Oregon," said Lloyd Tegart, right end on the victorious Oregon eleven. Tegart scored the first touchdown of the game. He passed through Eugene yesterday on the Shasta limited bound for home. Jake Risley, center, accompanied him, and stopped off here.

"Pennsylvania is not the hardest team we have met this season," said Tegart. "But the players were the dirtiest. They had a little habit of jumping on the fellows and dropping on them from behind after the plays, which accounts for Beckett's and my injuries. They got Beckett just after he had punted. They tried to get 'Shy' too, but couldn't put him out of the game."

Tegart said his ankle sprain was a bad one and that he was barely able to walk. Plans are being formulated for receiving the main body of the squad expected to arrive in Eugene Saturday.

### WHO STRUCK WEED PHILOMATH'S CITY RECORDER?

Philomath has a mysterious case. C. Weed, city recorder, Tuesday morning early, found himself on the floor at the side of his bed, with blood around him from a blow on his head. That's all Weed knows about it. The front door of the house was open, and had been left unlocked. Weed is just retiring as city recorder; but doesn't know that he has an enemy. He dreamed, or thinks he did, that some one was in his room, and that's all the consciousness he has about it. The doctors sent for declared that the blow was hard enough to have killed him had it not hit a thick part of the skull. Nothing in the house was disturbed at all, and money in his pants' pocket was not touched. Mr. Weed is about 70. A daughter keeps house for him; but she was visiting in Portland and he was at home alone.

The case is about as mysterious as "who struck Billy Patterson?"

### Increased Postal Receipts

The total receipts of the Baker postoffice for 1916 were \$34,547.32, an increase during the year of \$3738.54. Other cities as a rule report increases, which speak for the fact that conditions generally are improving in the state.
