Home From Detroit—
Levi Kenagy, of the local postoffice force, is home after a trip to Detroit and other points in the middle west. He went east with two carloads of potatoes. It was his duty to keep a fire burning in the cars to prevent the potatoes from freezing. He got his cargo safely to their destination, then visited relatives in Ohio and other places.

Bought Harrisburg Paper—
W. C. Conner, a newspaperman of Cottage Grove, formerly of Roseburg,

has bought the Harrisburg paper, now a combination of the Bulletin and Commonwealth and will hereafter run it. He has had more than 30 years' experience.

Glee Club Concert—
The Glee Club from the Eugene Bible University will give a concert at the Christian church Monday night. This is the second annual tour of the Club, and under the direction of Prof. Filer they are offering an excellent program. There are 12 men in the club proper, and 15 people in the

CITY NEWS

At Jefferson—
Miss Ragan, of the Pacific Telephone office has been in Jefferson this week officiating in place of the regular operator, who has been ill, not to expert the books as reported.

Sam Worrell—
The action of the city council in leaving Sam Worrell out of his job as night officer does not seem to be making a great hit with the people in general. The main question asked about the city is "Why is it?" The impression was that Worrell has been a good officer and entitled to reappointment. No one seems to know the cause of his sudden dismissal, when it was understood up to the time of the meeting Wednesday night that all officials would be reelected.

Here From Ohio—
Mr. and Mrs. Burton Carter and daughter, of Ashtabula, Ohio, are in the city on a visit, the guests of Mr. Carter's father, Chas. Carter. Mr. Carter is a conductor on the Pennsylvania R. R. running south from Ashtabula.

Returned From Leadville—
W. F. Garrett has returned from Leadville, Colo., where he had been on a visit with his son, Arthur, and family. Arthur has been in the mining business there for several years, doing well. About 1800 men are engaged in the mining town, the business being stimulated by the high price of all kinds of metal.

Editor Has Daughter—
A six and one-half pound baby girl was born Wednesday, Jan. 17, to Mr. and Mrs. L. W. Charles, of Scio. Mr. Charles is editor of the Santiam News and the big event in his family caused so much excitement that great difficulty was experienced in getting out this week's issue of the paper. Congratulations!

Albany and Harrisburg Tonight—
The Game of basketball tonight between Albany high school and Harrisburg, at the junior gym, will be one worth witnessing. Last year Harrisburg had the champion high school team of the valley, and it is just about as good this year, a fast aggregation that will make Albany jump; but the Albany team is doing good work and will be at the first trenches.

Two More Runaways—
The night police last night caught two more stray boys, Melbourne Davis, aged fourteen, and Roy Peterson, aged 12, were taken last night by Chief Catlin and Officer Rodgers near Jefferson. They gave as their homes four miles from Tacoma on the Puget line of the Northern Pacific. They are being held for instructions. C. G. Peterson, father of one of the boys, will arrive here Sunday morning.

STATE MINT GROWERS ASSOCIATION ORGANIZED

Growers Gather From All Over Valley and Discuss Industry.

The first annual meeting of the Willamette Valley Peppermint Growers was called to order by Mr. O. H. Todd of Eugene at the Commercial Club rooms. Mr. Todd was selected as chairman and M. D. Butler, of Corvallis, as secretary. The chairman then stated the purpose of the meeting, reviewing the growth of the peppermint industry in this state and presenting the advantages of having a state organization. He emphasized the value of cooperation in producing and marketing the peppermint and spoke of the importance of the interchange of ideas and establishing a closer relationship between the growers. He further stated that Oregon oil is superior in quality to any American oil that is produced.

An informal discussion followed. Messrs. Turnidge, Wallace, Dr. Follett, Copeland, Craig and others spoke of the proper time for planting peppermint, which was defined as being from March 1 to April 15 in any normal year. The cultivation should actually stop about June 1.

He also emphasized the fact that the mint should be cured thoroughly so as to aid in distillation. Dr. Fanbit emphasized the economy in the amount of labor and efficiency in the general management of the industry. He also stated that it was his opinion that it was possible to plant any time before April 15. The matter of better marketing channels was also emphasized by him.

He presented a new idea regarding the condensing, stating that three tubes in a tank of water is sufficient if heavy steam is used. Mr. Copeland spoke of the fact that the best oil was necessary in growing peppermint, and expressing an opinion that the present prices were somewhat low.

He reported 48 pounds per acre, his expenses totaling \$90, including the preparing of the soil, cultivating the growing crop, and hauling it to the still. The yield received 130 pounds for which he received \$221.

Mr. Craik requested information regarding the depth to plow for planting the mint.

This afternoon Ira West of Salem and W. J. Turnidge were on the program for addresses.

Peppermint growers present are John Krebs and W. J. Turnidge, of Talbot; J. D. Follett, Lebanon; J. H. Loomis, Eugene; D. W. Porter, Jefferson; R. F. and D. B. Reasoner, Hillsboro; John T. Evans, Eugene; E. B. Wallace, Albany; W. G. Buchner, Corvallis; Frank Finney, Eugene; O. H. Todd, Eugene; M. D. Butler, Corvallis; J. J. Caswell, Albany; Ira West, Salem; Pres Marshall, Albany; Ed. Wiles, Albany; Robinson, Portland; Loomis, Eugene, and others.

Emory Wallace, M. D. Butler and O. H. Todd were appointed a committee on constitution to report at the next meeting to be held at Albany Feb. 7, when permanent organization will be made.

Firemen Discharged—
E. H. Hawkins and J. H. Campbell, of Portland, yesterday were formally discharged from the fire service of that city. They had been firemen for ten years, prominent with the service; but seem to have gotten a bad case of Hornbrookitis, causing their downfall. They are the men who were stopped at Albany and relieved of

Sun Drunkenness.
To become sun drunk is a condition into which any one may fall in the tropics. Exposure to the sun's rays will reduce a man to a condition almost exactly resembling drunkenness. He staggers about and is usually compelled to lie down and "sleep it off." Sun drunkenness is sometimes accompanied by nausea. Another curious fact in connection with life in the tropics, where the sun rises at the same time all the year round, is that if you do not get up before sunrise you do not feel well all day. You feel heavy, out of sorts and sickish.

Complicated, but Easy.
"How do you get your husband to do what he doesn't want to do when you want him to do it?"
"That's easy. I make a big fuss over something he has already done which I didn't want him to do or I remind him of something which I have done which he wanted me to do and I didn't want to do and soon he is doing what I want him to do just as though he had wanted to do it all along."

The Indians Nearly Killed Him

Closer and closer the savage Indians crept to the little band of settlers. Women and children were falling on all sides, and the only chance for rescue of anyone was relief from the fort.

CHARLES RAY

risked his life for the sake of the brave comrades behind him, in the latest TRIANGLE PLAY—"The Deserter." Under cover of night he eluded all the savages but one, and then it was a race for life. Up hill and down the race continued, and finally ended in a plunge over a 70-foot cliff—one of the most daring pieces of motion picture work ever seen.
