MARCH COMES IN LIKE PROVERBIAL LAMB

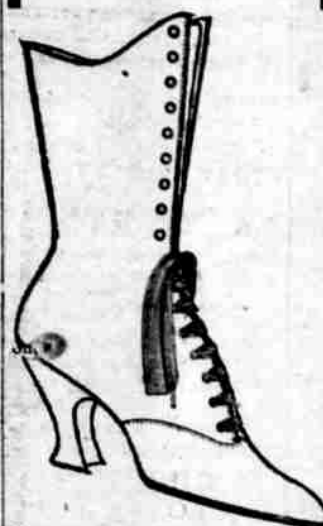

Report Shows That Feb. Was
Equally Fair and Rainy;
Sunshine Is Needed.

The meteorological report of F. M. French, local observer, for the month of February, shows that the total rain fall for the month was 4.08 inches and that there were 11.25 inches of snow. The maximum was 23 on the first. Just half of the month was clear and half had rainfall, or snow. On the whole, February was a fine month. March enters today like a lamb, but the question remains to be seen how it will go out. The lion will probably be on hand before the end of the month.

More warm sunshine is needed to get the fall grain started and to permit the planting of spring grain. The

grain planted in the fall is unusually well up at this time of the year, but farmers state that there is very little out of the ground.

WHAT A FEW KILO- WATT HOURS MEAN TO YOUR BOYS AND GIRLS

Electric Light will do more to keep your children home in the evening than many stern talks.

You can't have cheerful homes at night without good lighting.

Many amusements which take the children away from home at night are desirable—OTHERS ARE NOT.

Every outside influence which competes with the home, for the interest of your children USES PLENTY OF LIGHT

The few cents spent to properly light your home every night will be your greatest aid toward developing your children into the right kind of men and women.
