BOOTH TARKINGTON'S "SEVENTEEN" AT GLOBE

"Puppy Love," that frightful epidemic to which the youth of all lands falls victim at the tender age of seventeen, is one of the richest and most fertile fields for the imagination of the humorist. For that reason Booth Tarkington's great novel, "Seventeen" which will be seen at the Globe tonight, has climbed into the ranks of the best sellers with phenomenal speed. It was because of its world-wide appeal, and the fact that this story contained so much humorous action that the Famous Players decided to adapt "Seventeen" into photoplay form for the Paramount Program, co-starring Louise Huff and Jack Pickford. In the role of Lola Pratt, the object of William Sylvanus Baxter's desperate love, Miss Huff renders an enchanting portrayal. As William, the youth who suffers from the overwhelming burden of self-imposed dignity which is common to his sex at the advanced age of seventeen, Jack Pickford is wholly inimitable. The combination of these two

HOLY WEEK SERVICES AT ST. MARY'S CHURCH

Services marking the closing events of Christ's life observed this week at St. Mary's church. These services which begin this evening and close an Easter Sunday are particularly impressive and are attended by unusually large congregations.

The opening services will begin at 7:30 this evening. On Thursday services will be at 9 a.m. and 7:30 evening.

Father Lane will speak this evening from the text "Jerusalem hath remembered the days of her affliction" from the Lamentations of the prophet Jeremiah.

The faithful will receive communion Thursday and will keep a watch of prayer and adoration at the altar of the Repository during the entire day. The subject of the sermon will be the Eucharist, the text being: "Do this in commemoration of me."

Those who are interested in the services of Holy week are cordially invited to attend.

ONE IN EVERY TEN BABIES DIE BEFORE A YEAR OLD

(By United Press)
Washington, April 3.—Approximately one in every ten of all the babies born in the United States dies before completing twelve months of life, the Federal Children's Bureau announced today in connection with National Baby Week, May 1 to 6. The statement adds:

"It was once thought that a high infant death rate indicated a greater degree of vigor in the survivors. Now it is agreed that the conditions which destroy so many of the youngest lives of the community must also result in crippling and maiming many others and must react unfavorably on the health of the entire community."

Two thousand, one hundred communities have reported to the Children's Bureau the details of a Baby Day or Baby Week by which they called attention to the need of protecting their babies. This bulletin may be had by addressing the bureau, which continues:

"The United States includes 14,186 incorporated cities, towns and villages and it is doubtful if among the thousands which have never had a Baby Week there is a single town or village which would not profit from such a campaign."

COSMOPOLITAN SOCIETY DEALT TERRIBLE BLOW

(By United Press)
Atlantic City, Apr. 3.—A terrible blow has been dealt that high and cosmopolitan society which gathers at this time every year to swarm the Boardwalk Easter Sunday. Hotel men have organized and decline to allot suits to plutocratic pups.

This horrible gilet is taken by the aristocrats as a direct affront. But the hotel men are adamant. No dogs! And that goes! Cars, poodles and fancy specials are all relegated to a common, rough general kennel, where the must be checked, like umbrellas and hats, if you please.

Each hotel has employed a kennel keeper and matron for the canine nursery. When Fido has his ar on the Boardwalk he must be unchained and led about by his master. But she must not lead him into the hotel. Not even on the front porch.

Freak gowns and the usual fancy glides of society are here in plenty but they're under cover until the dawn of Sunday morning. The hotels have been crowded to capacity for more than a week. Some suites rent for \$100 a day. The city expects to have a population of 200,000 during the celebration Easter Sunday.

Subscribers.

If the boys fail to deliver the paper each evening kindly phone to the office. The management invites complaints from its patrons and will do its best to correct faulty service.
