

**"OREGON OUTDOORS" OFF THE PRESS FOR S. P. CO.**

"Oregon Outdoors" is the annual illustrated folder issued by the passenger Department of the Southern Pacific at Portland, Oregon.

This folder, this year, is one that will be of great assistance to people of Western Oregon in acquainting the tourist with our matchless scenery and the general beauty of this state as a place to spend a summer outing.

The front cover is in three colors and shows a birdseye view of the city of Portland with Mt. St. Helens in the distance. The Willamette river is seen winding its way thru the heart of

**MUNITION MAKING PACIFIST**

(By United Press)  
London, April 12.—S. H. Thomas, an Australian, living in London, will be called to the colors May 6, for garrison duty abroad, despite his conscientious scruples against killing Germans.

As manager of a metal company Thomas sold tons of material for the munition factories, but his conscience didn't hurt him.

"I admit taking a profit from munitions which are intended to kill people" he said, "but I entered the business as a boy when there was no war."

That ruined his chances before the military tribunal.

Conscientious objectors whose scruples against killing are recognized by the military authorities are no longer compelled to work as direct war auxiliaries, but if they are called up they must participate in some work of national importance.

Probably the most striking feature of this folder is the colored reproduction of Crater Lake on the center page. It shows the natural color of the water of this wonderful lake. Crater Lake Lodge is shown on the rim of the Lake.

There are over 70 illustrations in this folder showing various scenes throughout Western Oregon from Portland on the north to Ashland on the South. These illustrations include hunting, fishing, hiking, camping, bathing, mountains, water falls, lakes, beaches, forests, rivers, parks—in short everything that is apt to appeal to the tourist from the east.

**"Alexander" at the Globe Theatre Sunday, Apr. 15**

The management of the Globe theatre announces the John Cort attraction Alexander "The man who knows" This attraction is the only high class mystery show playing in the leading theatres in the United States today. Divided into two parts, the first being a series of the most mystifying feats of magic and illusion ever presented on an American stage, second part styled the Simla Seance positively the most awe-inspiring and most astounding performance ever offered, the most skeptical will leave the theatre thoroughly puzzled and bewildered crediting Alexander as the brain marvel of the 20th century.
