Lower Shoe Costs

Not in Sight

Service in a Shoe Store is something more than having a clerk take a pair of shoes from the shelf and put them on your feet. To us it not alone means fitting customers properly, but keeping them informed as to style and price changes.

And so we feel it is our duty at this time to tell you that indications point to a continued scarcity of leathers and the possibility of higher prices.

We have no further object in telling you of this, than to advise those in need of shoes to take advantage of the low prices which prevail NOW, rather than to wait a little longer and perhaps be obliged to pay for further increased costs in good shoe manufacture.

Shoe Merchant's Service

50 NEW STORES

Open this month, making 50 more links in now the strongest chain of its kind in the United States. It means greater buying power for us and lower prices to you. Stop and think Mr. Man. You that are having a hard time to make both ends meet. Does it not look reasonable that we should buy at a lower price for 175 busy stores than the one store merchant? And that is not all. We save you delivery, loss on credits, high rent, fine fixtures, middle men's profits, interest on borrowed money.

MANY IN ALBANY TRY SIMPLE MIXTURE

Many Albany people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowels, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. The Woodworth Drug Co.
