CON. HAWLEY ACKNOWLEDGES TELEGRAM FROM ELKS

Hon. W. C. Hawley acknowledges receipt of resolutions adopted by Albany Lodge No. 359, B. P. O. Elks on April 2, 1917, a copy of which was wired to the President and each of our Representatives and Senators that evening, advising the president and Congress that Albany Lodge of Elks was heartily in favor of preparedness and pledged their most loyal support to the president in his policy regarding the impending crisis. The letter is printed below:

House of Representatives, U. S. Washington, D. C., April 14, 1917. Albany Lodge No. 359, B. P. O. E. Albany, Oregon.—My dear friends: Replying to your communication in favor of the resolution acknowledging that a certain state of war against the United States and our people exists by the acts of the Imperial German Government, I beg to say that I supported the resolution under a stern, solemn and patriotic sense of public duty. Ever since the war in Europe began, I have most earnestly hoped that we could avoid becoming involved in it, and that the administration could by its wisdom and diplomacy obtain a settlement of the questions that have arisen other than by war.

Under the circumstances war appears inevitable, and it was this conviction that caused me to support the resolution. Entering this war is a momentous undertaking and only the impossibility of otherwise maintaining our national honor and public rights justifies it. It ought to end when we have obtained a proper recognition of them, with guarantees that they will not be again infringed, and a redress of grievances.

No other act of mine ever caused me so deep and heartfelt concern. I shall support the methods and means that approve themselves as wise and effective for the vigorous prosecution of the war, believing that thus we can bring it to a speedy and successful termination. I earnestly hope that we shall soon see the world at peace again.

Truly yours,
W. C. HAWLEY.

EVERY WOMAN knows that her appearance is her best asset

Appearance depends upon poise, grace and general figure lines. These in turn are the result of the artistic ability of the person who designs her corset, as her corset lines surely and certainly become her figure lines.

Now, appearance is a serious affair and women rightfully go to great extremes to be pleasant to the eye.

MODART CORSETS Front Laced

To get the right figure lines we suggest a trial fitting of a MODART FRONT LACED CORSET designed by JENNINGS, an artist who is perhaps the most skillful designer in the profession.

In fact, he is to corset designing what Beer, Worth, Poiret, Paquin and some others are to gown designing. A trial fitting will prove to you poise, beauty of outline and comfort—something mere words could never prove.

An Electric Range Makes Cooking a Pleasure

The ease of cooking successful meals on an Electric Range makes it most popular. The housewife finds she has only to turn a switch to obtain an even, perfectly regulated heat, either low, high or medium temperature.

In baking or roasting—usually trying even to experts—she can go away knowing that the automatic attachment will shut off the current promptly at the proper time.

Our New Heating and Cooking rate brings Electric Cooking within the reach of all.
