VIRGINIA PEARSON TONIGHT

IN "SISTER AGAINST SISTER"

In "Sister Against Sister," the William Fox drama at the Rolfe tonight, the parents of Katherine and Anne Martin (both played by Virginia Pearson) separate when the children are young. Katherine goes with her father and is brought up among the shuns. She becomes a social vulture. Anne is reared by her mother. She saves Dunsmore (Irving Cummings) from Huxley's (Walter Law) frame-up. He falls in love with her.

Huxley has Katherine lure Dunsmore to his apartment. Dunsmore goes, thinking she is Anne for whom he had been searching. Anne disappeared after being told by Dunsmore's sister (Calla Dillatore) not to humiliate the candidate for governor by wedding him. Huxley finds Katherine and Dunsmore in his apartment. The men fight and Katherine kills. Thinking her Anne, Dunsmore lets her escape.

At the trial, Dunsmore hides the name of the mysterious woman. To save the man she loved, Anne says she was the murderer. While Anne is trying to prove her guilt Katherine rushes into court and confesses. Hank Mann will be seen in the second Fox Film Comedy, "A Bon Bon Riot."

MISFITS
By F. P. Nutting

One of the liveliest wires in The Dalles is George Blakely, formerly of Brownsville, but a resident of The Dalles for about thirty years, so long that trees he planted when he bought his present fine home place, are now monsters. Mr. B. treated me like a brother. Opposite his home is the finest court house in the state outside of Multnomah county. Cost \$165,000. In the same block is the Elks' temple, a good one. Near that is the city hall, a pretty building. The high school and other school buildings are brick, all imposing structures. In short The Dalles has just about the best public buildings of any town in Oregon, and its people are proud of the fact.

In the evening I bought a ticket to a movie. The neat-looking girl, son-in-law of Mrs. Wm. Morgan. It was Evelyn Gerky. Lee McCartney, son-in-law of Mrs. Wm. Morgan, hunted me up after seeing my name in the Chronicle.

On the train was Mrs. Waive Streitel, on her way to Celilo, where her father met her, and I just had time to greet.

Another passenger said: "Aren't you Mr. N. of Albany?" It was Lieutenant Wm. H. Ellenburg, formerly of the O. A. C., on his way to look after some men at a railroad bridge.

Neglected to mention that Hood River has a chief of Police, who is father of twelve children, six sons and six daughters, a capable official. Tell T. R.

Our advice to the Hohenzollerns and Hapsburgs is to take out insurance against unemployment.—Dallas News.

The Wettins of England.

If the king of England were to renounce the throne and resolve to become an ordinary citizen he would be called George Wettin. How does the name Wettin come to be the king's surname? This is the answer.

Queen Victoria married Albert, duke of Saxe-Coburg-Gotha, of the senior branch of the house of Saxony. The family name by which this house, dating from the middle of the tenth century, came to be known afterward was Wettin, and this was and is the surname of both branches—the Ernestine and Albertine—of the house of Saxony. The name comes from the castle of Wettin, near Magdeburg, which claimed Wittelkind as the founder of the race.—London Answers.

The Apache of the High Seas.

The submarine is the vito power of the sea. It is purely obstructive and destructive. It contributes nothing to wealth or civilization. It is in a class apart from other craft. The other forms of water craft can be used and are used to make the world a better place to live in. They convey merchandise and passengers. They serve as a means of communication between nations and peoples. The submarine is a mere killer. It cannot even fight. It must kill furtively and secretly, like an assassin.—Edward G. Lowry in World's Work.

Fruits and Vegetables.

Irish potatoes and most other vegetables and fruits tend to make the body tissues and fluids alkaline, so correcting the tendency of meat, eggs, fish and similar foods to create acid conditions. Since the body performs its work best when it is neutral or slightly alkaline, this function of fruits and vegetables is important, especially to the hearty meat eater.

Preparedness.

One way to bring about a condition of national preparedness is to prepare yourself for the simplest elemental duties of a citizen and a soldier. Cigarettes before breakfast, an ingrowing toenail and a consequent inability to run 100 yards are just as reprehensible as a lack of patriotism.—World's Work.

Too Successful.

"Why couldn't Miss Jilt get damages for her breach of promise suit? Didn't her lawyer prove the man was worth \$50,000?"

"Yes, but her testimony convinced the jury he wasn't worth 30 cents."—Baltimore American.

The Horse's Comment.

The mule, being in a temper. Kicked a few boards out of the side of the barn.

"One of those fresh air cranks," commented the horse to itself.

If the thief lacks opportunity he thinks himself honest.—Stearns.
