A very pretty affair of last night was the reception given to honor Mr. and Mrs. Frank Mitts and Mr. and Mrs. Reader who are to leave Albany in the near future. Mrs. M. L. Sanders was hostess to this elaborate affair which was held at her home in East Albany. The members of the Bereans class of the Christian church were guests and about 55 guests were present to spend the evening in a social way. The rooms were attractive in white spring flowers for decorations. During the evening a program added to the pleasures and later an elaborate lunch was served.

Dr. Ellis was host this week to the Writers' Club when they met at his home and took part in an interesting program. Some of the parts of the program which were thoroughly appreciated, were the original poem by Dr. Diven, "The Tempest," "An Odegon Writer, Anne Shannon Monroe," Prof. W. W. Hodge; translation of a French poem by Dr. Ellis; "Reminiscences of College Life of Dean Collins and Earl Stannard, written by Mrs. Fred Doherty; and a reading of Edward Markham's poems by Miss Flora Mason. These were followed by a discussion most excellently handled, and later a lunch was served. Additional guests were Mr. and Mrs. C. E. Sox, Mrs. Tillman and Mr. Bouler.

bers of Miss Metcalf's gymnasium class who will graduate this year from the Junior high, enjoyed a picnic supper on the bank of the Willamette river. Miss Lottie Morgan and Mr. and Mrs. G. E. Finnerty chaperoned the large crowd.

Honoring the graduating class of Albany high school the Y. W. C. A. girls of Albany college entertained them in a pleasant way with a tea, on Wednesday afternoon, from 3 to 5 o'clock. Throughout the decorations the high school colors, blue and gold, were used with scotch broom and blue iris used in profusion. A program was given during the afternoon and later dainty refreshments were served.

The Teachers Club met Thursday night at the Junior high school building where they enjoyed an elaborate "feed." About 30 guests were present in the prettily decked rooms where blue iris were used profusely.

The Sans Souci Club met this week on Wednesday with Mrs. Elizabeth Smith. A pleasant social afternoon was spent by the members present.

A crowd of jolly picnickers composed of a group of girls belonging to Miss Metcalf's gymnasium class, went across the Willamette river today to spend the day. Bonfires and a sumptuous feed made the day a pleasant one.

ful and that he will return to Albany Monday.

Fruit Looks Bad—

W. A. Bodine returned to the city last night after a tour of three weeks over the county, and gives another discouraging report of the fruit outlook for this year. Mr. Bodine states that the slow, backward season, the effects of the winter-kill a year ago, the lack of pollinating agents and other causes will materially take down the yield this year. He is of the opinion that there will be a very small prune crop, that cherries are badly affected, that apples are not showing up well and that the late apples are very late in blooming.

Returns Home—

Mrs. J. E. Mutsgrave of Corvallis, returned home this morning. She has been visiting at the home of Mrs. R. L. Robinson. Mrs. R. A. Babb, who came over with her, will remain until tomorrow.

Visiting Mother—

Mrs. Lyn Brown and daughter, Betty Ann of Brownville, came over this morning for a visit with Mrs. Brown's mother, Mrs. Clara McCoy.

Going to Lebanon—

Miss Edna Jones and Miss Gordon Canfield will spend Sunday in Lebanon visiting Miss Helen Crawford.

O. A. C. Regents Meeting—

Senator Von Derholm of Jackson county, arrived in Albany yesterday morning and will accompany Hon. J. K. Weatherford to Corvallis, where they will attend the annual meeting of the Board of Regents.

Operation Successful—

Word has been received from A. C. Schmitt who underwent an operation for a defect in one of his eyes, caused by an accident some months ago, that the operation was successful.

Receives Much Tobacco—
M. McAlpin, local cigar store proprietor, has received a large shipment of tobacco for his store in this city. Last night the O. C. T. steamer brot in a ton of goods valued at over \$2000. This ought to last the boys awhile.

Mrs. McElmurry Ill—
Mrs. R. J. McElmurry is ill at the home of her son, Councilman H. W. McElmurry. Her daughter, Mrs. John Compton, of Independence, is at her side. Mrs. McElmurry will be 87 years old on her next birthday, November 29.

varieties of Sables.
Next to the Barguzin sables the best are the Yakutsk, then the Nikolai and the Kamchatka. This last type of fur is much liked by Americans who cannot afford the imperial sable, for it is a big animal with heavy fur, but the color is very light. The Parisian lady who cannot buy a Barguzin sable usually prefers the Amur, which is small, but of a bluish color. Chinese sables have thin and light colored fur, and the Hudson Bay sable, a kind of pine marten, is hardly a satisfactory substitute.—New York Times.

Spinach Paper.
According to a French horticulturist, M. de Noyer, spinach stems contain 40 per cent of cellulose. He claims to have actually made paper from the vegetable, following the methods of the Grenoble papermaking school. If the waste portions of spinach are used for this purpose he believes they will produce a most satisfactory writing paper, which will cost considerably less than the present high quality grades.—Popular Science Monthly.

Two Classes.
"Now, children, what is the earth inhabited by?"
"Human beings."
"Correct. And, Willie Stone, into what two grand divisions are all human beings divided?"
"Regular people and boobs."—Life.

Social Error.
"Mother, dear, what is economy?"
"Ethel, where on earth did you pick up that vulgar expression? Don't ever let me hear you use it again."—St. Louis Post-Dispatch.
