

**ELECTION DAY IS
EXTREMELY QUIET**

Hardly 50 Per Cent of Vote to Be Cast; Voters Vary Adverse to Leaving Work to Vote

**BOND ISSUE LOOKS
DEFEAT IN LINN COUNTY**

However, Road Bonds Seem to Be Carrying Albany and the Chances Good For State.

Except that the banks and county offices are closed today one could hardly tell that an election was in progress. It is indeed very quiet and only a fraction of the registered vote is being cast today.

Indications are that the \$6,000,000 road bonds will carry Albany but lose the county. Reports from the outside state that the bonds will carry the state, but no one will venture a guess until the final count is in.

**MEDIUMS BRING BACK
SPIRITS FROM THE DEAD**

Voices of Departed Friends Heard at Seances Saturday and Sunday Nights.

Quite a number of Albany people became converts of spiritualism Saturday and Sunday nights during the visits of Mrs. M. J. Downs and Mrs. Klugh of Portland, who held seances and gave lectures on the subject in the Hotel Albany.

Most people do not believe in relations with the spirit world or that a person once dead can be brought back to speak with his friends, but those who were in attendance at the seances Saturday and Sunday state positively that they talked with relatives and friends long since or recently dead and that their voices were natural.

In all cases the voices from the other world stated that they were well and happy, that their earthly ills had left them. They gave advice to their friends and relatives at the meeting. The medium brought up incidents which occurred long ago and appeared to convince many of those present that the work was genuine. The ladies will return to Albany once a month and give seances and lectures. It is stated that no more public seances will be given.

Spend Sunday in Jefferson—Miss Craile Tillman, Valena Smith and Pera Wilkins spent Sunday in Jefferson at the home of Miss Smith's sister, Mrs. Roscoe Thomas.

**SAYS U. S. MUST
PAY COST OF WAR**

German Officers Captured by Canadians Say America Will Find Allies Defeated.

**ENTIRE COST WILL BE
SADDLED ON UNCLE SAM**

German Prisoners Do Not Indicate There is Any Chance of Revolution in Germany.

When the war is completed a staggering indemnity will be saddled on the United States before she knows she is in it, according to the Prussian attitude. Prisoners reflect this. A typically arrogant Prussian officer jeered at me contemptuously. He was made a prisoner by the Canadians. He said "Before America awakes we will have starved England, France into submission, have made with Russia, leaving you alone." With German prisoners do not encourage the belief in a German revolution. The Junkers control Germany.

**FUNERALS OF VICTIMS OF
ACCIDENT ARE HELD TODAY**

W. H. Rambo Buried Here and Ben Rockwell Laid to Rest at Mill City.

The funerals of the victims of the rail road accident at Mill City Saturday morning were held today at Mill City and in Albany. Benjamin Rockwell was buried at Mill City, the funeral being held under the auspices of the Odd Fellows. Funeral services were held over the remains of W. H. Rambo this morning and his body was laid to rest in Masonic cemetery in this city this afternoon. The body was brought down from Mill City, arriving here at 3 o'clock. It was met at the S. P. depot by members of the Masonic lodge and escorted to the cemetery where a Masonic burial service was held.

Wm. H. Rambo and Ben Rockwell met their death in tragic manner Saturday morning about 11 o'clock. They were on a logging train which was coming down from one of the camps to the Mill City Mill, and when about seven miles from Mill City the train stopped to make a switch-back on a hill.

In some manner the air failed to hold and the train and 15 cars started down the hill. Rockwell, who was conductor of the train, bravely started to run back to set the brakes on the cars, but was thrown by the speed of the train when a curve was reached. Rambo, two other men and four women were in the caboose, which was next to the engine. Rambo became frightened and jumped, receiving a broken neck.

The fireman and engineer jumped when the train started down grade. The engineer reversed the engine and set the brakes before he left the train and when the engine, free from its heavy load of logs, reached a level place with the caboose, it stopped of its own accord. None of the others were hurt.

Mr. Rambo was well known in this city. He went to Mill City in about 1888 with his father and lived there ever since. He was in charge of the Hammond Lumber company hotel and cook houses. His first wife died about two years ago and was buried here. He is survived by his second wife, to whom he was married about nine months ago. Benjamin Rockwell was born near Mill City 28 years ago. He is survived by his wife and four children and his father and mother, Mr. and Mrs. George Rockwell.

HAS SITUATION IN HAND**

No Demonstrations Expected; Propaganda Not Regarded Serious By U. S. Officials.

It is expected in a week all reports will be ready for analysis. By then the government will have formed its exemption plans. In general the men in government service, those in certain productive lines and as far as possible men with dependents, will be freed from the first call. The call to arms comes early in September. The call of the second half million is likely to come in November or December. The department of justice agents are convinced that the anti-registration propaganda is small. Demonstrations are not expected.

She lived in California for a number of years, coming to Albany 12 years ago. She was married twice, having six children by her first husband and one by her second. They are Crahler Gloom, Montana; John Gloom, Portland; Albert, California; Lizzie, in a convent in Seattle; Clara of Eureka, California; and Julia Pautmeier of this city. She was a member of the Catholic church and the funeral will probably be held from that institution Wednesday afternoon.

**DEMOCRAT MOVING INTO NEW
QUARTERS ON SECOND ST.**

Many Troubles Encountered and Paper Will Be Late For a Few Days.

The Democrat has been busy moving since Saturday evening and will not be thoroughly settled in its new quarters opposite the Post Office on Second street, until the 1st of the week. The business office has been moved and all work is being done at that place. The first man to pay his subscription in the new place was Leonard McClaine.

If the service on the Democrat is not perfect for the next few days or if all news items are not printed, it is hoped that the subscribers will not criticize too severely. Moving a printing plant is ten times worse than moving household goods, and every housekeeper knows the joy of that work.

Help build your country's first line of defense. How? By subscribing for a Liberty Bond. Inquire at any bank for particulars.

**TOMORROW IS DAY
OF REGISTRATION**

Every Man Between 21 and 30 Years Must Give Name to His Uncle Samuel.

**NEGLECT OR REFUSAL WILL
LEAD TO IMMEDIATE ARREST**

Penalty Will Be Severe For Those Who Interfere at Polls or Talk Anti-Registration.

Tomorrow, Tuesday, is registration day and from one end of the country to the other all men between the ages of 21 and 30 years of age inclusive, will have to go to their regular voting places and sign up with Uncle Sam.

In order that there may be no misunderstanding at the last minute, the following important facts must be remembered:

Absolutely no one within age will be excused. Sickness or absence from your precinct does not excuse. If you are sick some one can do it for you. If you are away from home you should have applied to the clerk of the county where you are at present and had cards made out to send to the war marshal of your home precinct. If you are an alien or have not been naturalized you have to register. Absolutely every man between 21 and 30 must go and sign up. The officials will decide after the cards are in who will be selected to make up the army of 500,000 men.

Will Enforce Law
Every man who must is urged to register for his own good. The Department of Justice has made ample preparations for taking care of the slackers.

Sheriff Bodine has received instructions from United States District Attorney Clarence L. Reams to arrest every man of military age when knowledge is had that they have not registered. It is a criminal offense to neglect, refuse or fail to register.

Others to be Arrested
It is likewise an offense to induce or persuade another not to register. A deputy will be stationed at each registration booth and any attempt to influence a man to not register will lead to immediate arrest.
