A LIBERTY LOAN MESSAGE TO AMERICA'S WOMEN

(By Mrs. Antoinette Funk, Vice Chairman of the Woman's Liberty Loan Committee.)
Washington, June 8.—(Written for the United Press)—Since the government has called upon the women to give their sons for our country's life, the Women's Loan Committee dares to call upon them to help supply the money to sustain those sons.

The purpose of the Liberty Loan is to give funds to the government so that it can conduct this war for Liberty and Democracy in an efficient manner. The quicker this money is supplied, the quicker will come the end of the war with its consequent saving of human life. The denominations of the bonds are as low as \$50 and the payments are easy. A subscriber can pay cash if she wants to, but she does not have to. A Liberty Bond should be in every home. Because so far as we have been remote from the scene of war, we are inclined, like the foolish ostrich, to hide our heads in the sand, not realizing, not believing, closing our eyes to the actual threats of danger that are here. No man liveth to himself alone and the time is here when no nation liveth to itself alone. We are bound up in the warp and woof of nations, a part of the fabric. The welfare of one is the welfare of all.

The gigantic struggle that has been going on in Europe for almost three years, is not a struggle to settle boundaries, not to gain revenge for old disputes. It is a war to establish the right to life and liberty. It is a war against awfulness. It is a war against the creed of hate. It is a war in defence of weak people. It is a protest against the savagery that sent the Lusitania to the bottom.

It is our notice served upon the world that the high seas are free to the world. It is a notice to the world that we and our neighbors in this hemisphere will not tolerate that the oppressor's foot be sent upon our shores. It is for the honor and safety of our women. It is for a safe and free home for our children. The only nation under the sun which was born a democracy is carrying her doctrine of democracy to the uttermost parts of the earth.

As women have always helped, they must help now. Their first great task is lending out of their fullness that the war of righteousness upon which America is now engaged shall result in a glorious past and a glorious freedom and that the generations that come after us may indeed call us blessed. Every woman's first duty is to buy a Liberty Bond. If a woman cannot buy a bond, it is her duty to persuade other women who can do so.

WOUNDED THREE TIMES, HE WANTS REVENGE

London, June 8.—Introducing Mr. Harry McMichael of Augusta, Ga. Mac has been strafed thrice by the Kaiser's missiles, but he hasn't taken the count yet and all he wants is another shot at a spiked helmet.

Mac learned the game in the Second United States Cavalry. He joined the Fifteenth Canadian Battalion in June, 1915. A machine gun bullet hit in the leg in the fall of that year. Back from the hospital, a shell fragment nicked his brow as he went "over the top" in a charge.

Back once more from "blighty" Mac took a stretch and a yawn in view of the German trenches and a bullet bored his jaw, removing five teeth. Today, in the hospital this north of the South is just getting on his feet again. He wants to join the Americans when they arrive—and his ear is eager for the welcome sound of "Dixie."
