PUBLIC WILL NOT SUFFER BY RE-ADJUSTMENTS

No serious inconvenience will be occasioned the public by the readjustment of the railroad service to meet the needs of the Government. This assurance was telegraphed from New York by Julius Kruttschmitt, chairman of the executive committee of the Southern Pacific company and member of the "Railroad War Board."

The message will serve to allay apprehension of the general public that passenger service will be radically curtailed.

Mr. Kruttschmitt's telegram indicated that the "Railroad War Board" has done nothing more than suggest avenues of inquiry and investigation to determine means to increase transportation efficiency. The positive statement has been made that the board has neither directed or suggested that the roads reduce passenger service to the extent of seriously incommoding the public. So far no reductions in passenger service have been made beyond some in local and commuting service on Eastern lines, and this it is pointed out should not cause alarm to anyone.

The meeting of traffic men in Chicago June 5, is for the purpose of considering only the elimination of such service as constitutes duplication or unnecessary facilities.

At Southern Pacific headquarters in San Francisco it was declared that the needful facilities for travel would always be available, and that no one need have any worry as to interference with summer plans.

SENATE COMMITTEE WOULD TAX BANK CHECKS

Washington, June 7.—The Senate Finance Committee put a two-cent tax on checks and drafts of over \$5 in the war revenue bill. It is expected that \$10,000,000 dollars annually will be raised.

The committee decided to eliminate the House levy of ten per cent on dues for social, sporting and athletic clubs thereby dropping \$10,000,000 dollars from revenue possibilities and substituting a tax to be devised later, er.

FIVE THOUSAND IN LIBERTY BONDS SOLD

As a result of the canvass made by a committee of life insurance men consisting of H. M. Cockerline, A. Metzger and Murray Marshall, the sum of \$5,000 dollars was subscribed by the people of Albany for Liberty Bonds. They were taken for the most part in small denominations and at least fifty per cent were sold to women.

The committee desires to express its appreciation for the courtesies extended during the canvass.

Leaves for East—

E. A. Johnson left this afternoon on a trip to Iowa and Wisconsin. He will visit his old home in the last named state for the first time in forty-six years.

Here on Business—

Mrs. Walter Bilyeu and Mrs. Davis of Scio, were over yesterday on business.

London, June 6.—

When a German seaplane swooped down and discharged an aerial torpedo which sank the 3000-ton British steamship Genu, the Boeh stole one of the pet ideas for naval warfare which the British Admiralty had been treasuring. Over a year ago the English aeroplanes were fitted out with devices for carrying and discharging torpedoes against enemy ships, but the Germans beat them to it.

The idea of aeroplanes attacking in this fashion is extremely practical, a British naval authority declared today. It is hoped that the United States will soon start offensive movements against German ships with this means of attack. A light gun, loaded with cordite can be used to fire this torpedo, or a special launching arrangement in the form of a light instrument which throws the torpedo and enables it to be aimed.

LEONARD A WORTY SUCCESSOR TO CHAMPIONSHIP

By H. C. Hamilton,
United Press Staff Correspondent
New York, June 8.—Heavy-listed, fast-thinking, clean-living Benny Leonard is a worthy successor to the marvelous boxers who have worn the crown of the lightweight division.

Leonard is not a Joe Gans in everything, but Gans never was a more finished puncher, there never was more power in his black fists than in the flashing flails that hang from Leonard's shoulders. He is not an Ad Wolgast nor a Terry McGovern in ferocious yof attack. He is not a Nelson in a savage ability to keep on taking punishment. But Leonard combines the best virtues of all these. His head bears no marks of vicious blows. He is young and clean. He should be able to last a long time as leader.

Leonard gives every credit to his mother for his victory over Freddy Welsh.

"She has made me live right. It is my mother who keeps me in condition," he declared after the bout with Welsh.

Leonard is idolized among New York's Hebrew residents. Himself a Hebrew, he has gathered a following wonderful in its proportions, and his personality carries him into the hearts of the thousands of other fight-lovers in New York.

Much Shipbuilding—
In a letter to the Democrat, Ed Viereck, once foreman of the Democrat office, but now a printed in the United States Naval reserve corps says there are a great many new shipbuilding plants being built around the Sound; also that they are building a large number of submarine chasers. Mr. Viereck stated that he saw Mr. Walworth, a former Albany man, the day he wrote.

WHEN answering Classified ads, please mention the Democrat.
