SATURDAY, JUNE 9, 1917.

MISFITS

Here are some fashion notes: Hosiery in all the colors of the rainbow are to be seen on windy days.

Also on other days.

It doesn't take even a breeze to keep up with the fashions so short are some of the dresses worn.

A frightful spectacle is a diminutive Charlie Chaplin moustache being carried around on the upper lip by some of the men.

Portland has been called a spinner because one of the Corbetts has a \$60,000 cow pasture in the heart of the city; but Miss Spinster has just put on a new suit, to cost \$3,000,000 when paid for, and henceforth will have the bloom of youth backed by the experience of a matured womanhood.

With many shipbuilding plants materializing and other new industries to match the city will continue to progress probably with greater strides than ever before.

Because of an old and conservative element here, dominating commercial and industrial affairs in the past, there has been an inclination among some to belittle the city's real greatness as a business center, making uncomplimentary comparisons with Seattle and other large cities. Whether justified or not, it is a fact that just now much pep is being put into civic matters and the future looks mighty good for Oregon's metropolis.

E. U. Will, formerly of Albany, resides at 1125 Williams Avenue and tunes pianos.

Was passing along Russell street, when George Myers called me into his pressing and cleaning shop. His brother, M. M., has an interest in a garage and repair shop on Hawthorne avenue, near the bridge.

Meet Dick Churchill frequently, now a confectionary salesman.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach troubles, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

MARKET REPORT

The prices given in the local quotations are those asked by the wholesaler from the retailer for fruit and vegetables. All other prices are those paid the producer. List corrected daily.
