

RUSSIAN DRIVE IS BIG SUCCESS

Sixty-three Hundred Additional Prisoners Taken; Total Near Nineteen Thousand

ENEMY FLANKED IN SEVERAL PLACES BY RUSSIANS

Germans Forced to Retreat Across River; Three Lines of Trenches Taken

The 6,300 prisoners are in addition to the 10,000 captured the first 24 hours of the new drive. In addition today's statement reported the capture of 2200 Tents southeast of Breezany on Sunday. Official dispatches declare the count of prisoners is still incomplete and will undoubtedly exceed 19,000 to date.

It is indicated that the enemy lines were penetrated and the enemy flanked in several places. The Germans were driven across a little Strypa river in Galicia. Three lines of German trenches were penetrated. The War Office announcement indicated sweeping gains including the town of Presovos, a village on the heights of Zborov, Kordshiduv.

Petrograd, July 3.—6,300 prisoners, 21 guns, six machine guns and more ground were gained today in the continued Russian offensive.

Near Zolochiv the Russian offensive continued successfully, it is stated.

RALPH D. HELTZEL RESIGNS AS EXTENSION DIRECTOR

Man Who Put Service in Extension Accepts Presidency of N.H.A.C.

Ralph D. Heltzel, director of the Oregon State Agricultural College Extension Service for the last four years, has resigned to accept the presidency of the New Hampshire Agricultural College at a salary of \$5000 a year with residence and other perquisites.

Professor Heltzel came to Oregon nine years ago as instructor of public speaking, from the University of Wisconsin, where he had an enviable record as a newspaperman and public speaker. He was personally selected for his work here in Oregon by President Kerr, who advanced him to his present position when the extension work had grown to proportions that called for a separate organization as the division of land grant college work-resident instruction, experiment station, and extension. He chose for his slogan, "Carrying the College to the People," and at once proceeded to build up an organization that has profoundly modified farming and home making practices in Oregon.

ONLY 12 PER CENT OF APPLICANTS IN MARINES

Indianapolis, June 30.—Why so many men are rejected for military service is partially explained by the weekly report of recruiting officer Sergeant G. C. Wright, compiled after the recent drive for recruits in the United States Marine Corps.

Out of 192 applications for enlistment during the week only 24 were accepted. Others were rejected for the following causes: under age, 31; underweight 30; defective vision, 26; defective hearing, 4; flat feet, 16. Sixty-one others were rejected as "undesirable" through failure to meet the exacting mental, moral, and physical requirements.

The standard of the "Soldiers of the Sea" is very high, though certain modifications may be put into effect later, should it be necessary to follow the precedent of the countries that have been draining their man power for three years. Sergeant Wright says that at present 12 per cent is about the average of acceptances throughout the country.

MANY COMING TO ROUND-UP SHOW

Special Train from Mill City Will Bring Hundreds; Thousands from Portland & Valley

YESTERDAY'S EVENTS PROVE ATTRACTIVE TO 5000 PEOPLE

Many Thrilling Features Are Seen, and Bucking Contest Is the Best Seen Here

The first day of the Round-Up proved an entire success. The events were run off in good time, and from the moment that Tracey Layne dashed around the track on a fleet, white horse, the American flag streaming in the breeze, there was something doing every minute. As the flag passed the stands and bleachers every person in the crowd stood up and every man uncovered. The Round-Up band played the "Star Spangled Banner," and the big show was on.

The crowd yesterday was better than on the opening day last year, and was estimated at 5000 persons. Today a greatly increased number is expected, and on Wednesday the stands and bleachers will be unable to hold the mob. People will come in from all over the state. The Round-Up this year is the best advertised event in the state thus far, and newspapers from Astoria on the North to Roseburg on the South, Brownsville on the East and Marshfield, Newport and Tillamook on the West, have liberally joined in proclaiming the news of the Western Oregon Round-Up and Patriotic Celebration to their readers. Over 20,000 people are expected here tomorrow.

Today's program will have some changes in it, new ropers taking part in the steer roping contests. The show starts at 1:30 day.

Tomorrow the Southern Pacific company will run a special train from Detroit, bringing down seven car loads of employees of the Hammond Lumber company, for the Round-Up. Large numbers will also come in from the West Side as far as Newport. The officials yesterday were Hugh Cummings, Corvallis; R. L. Dixon, Klamath Falls, and D. Turner, Pendleton, field judges. Today Dan Clark of Portland, will be on hand, and both he and Dixon, experts with the rope, will take part in the steer roping events.

A. J. Hodges, Dennis Merrill and L. H. Fish, were timers; P. A. Young and Willard Marks Judges of the finish and P. A. Young, clerk of the course. Silver Tip, dressed in Indian garb, from the plains of the South, made a fine announcer, and Dan Thompson, Miles City, Montana, was the starter. The same officials will preside throughout the Round-Up.

The winners in yesterday's contests were as follows:

Cowboys Pony Race—Bill McPherson, Pendleton, first; Guy Ray, Airie, second; Eryll Benner, Independence, third. Time: :54.1-2.

Trick roping in the track—Three day contest between "Buff" Jones, Los Angeles; Claude Elliott, Los Angeles; John Tayche, Pendleton; Spike Speckman, Klamath Falls.

Cowgirls' Race—Bertha Blacett, Pendleton, first; Ollie Osburn, Union, second; Adelphia Vernevil, Portland, third. Time :55.1-2.

Maverick Race—Seventeen cowboys after one steer. Frank Roach, Pendleton, won.

Bucking Barros—Jimmie DeArcay, John Adams, Pee Wee Holmes and half a dozen others contested, causing much amusement.

YOUR MENTAL MACHINE

Shut Off Its Power at Night After a Day's Hard Work.

It is a great thing to learn to shut off the mental steam when you quit work. What would you think of a factory manager who would leave all of his power turned on after the operators had left the factory, the delicate machinery running every where, pounding itself to pieces, grinding out its delicate bearings without producing anything?

Many of us do not turn off our mental power after we are through producing or creating for the day. We carry our business home, take it to bed with us, think, plan, worry and waste precious energy in all sorts of ways in superfluous thinking, foolish worrying that produces nothing, but grinds out the exquisite mental machinery and unites it for the next day's work.

It is a great art to learn to shut off power when through our day's work, so that we can oil our mental machinery, refresh our minds and recuperate ourselves, so that we can go to the next day's work completely reinvigorated.

Many men seem to think that they are accomplishing something if they keep their minds on business even when not at work, but they really accomplish less than nothing because they are wasting precious mental energy, the power for concentration, the vigor, the focusing of the mind, which is imperative for creating purposes.—Orison Sweet Marden.

Notice, Honor Guard!!

Honor Guard girls will meet on 6th street between Broadalbin and Ellsworth streets, Wednesday a. m., at 9:15, to take part in the parade. Each member is urged to be present in order that the Honor Guard will make a good showing. Wear the white costume and arm band.

The girls are also asked to bring flowers of all kinds to the old Central School grounds before 9 o'clock Wednesday morning.

WAR REVENUE BILL COMPLETED

Wealth and Incomes Will Contribute Heavy Toll to Support of Big War

DRINKS AND TOBACCO WILL FEEL INCREASED TAXES

Poor Man Gets Off Easier Under Bill as Now Drafted; Rich to Assume Big Burden

Washington, July 3.—War wealth, incomes, drinks and tobacco will pay the bulk of the first great war tax of a billion five hundred and seventeen million dollars raised under the revenue bill drawn by the Senate Finance committee and reported today, one billion two hundred and seventy-seven million will be divided as follows:

Income taxes, seven hundred and thirty-two million. Excess profits, five hundred and twenty-three million, distilled and rectified spirits one hundred and eleven million. Fermented liquors and wines forty-four million. Soft drinks, ten million. Tobacco, excluding the stogie, fifty-six million.

This schedule, the authors insist, represents a heavier burden upon the rich and a lesser weight upon the poor than the original contemplated.

JUDGE KELLY DECIDES DICKOVER LAND CASE

Santiam Fruit Colony, Chas. Cawrse and Lumbermen's Bank to be Re-imbursed

Judge P. R. Kelly in Department No. 2 of the Circuit Court of Linn County, has handed down his decision in the cases of Chas. Cawrse, Sr., George, Charles, Jr., and Frank Cawrse against the Santiam Fruit Colony, J. B. Dickover Co., the Lumbermen's Nat'l bank of Portland, and 48 tract holders in the Santiam Fruit Tracts; in the case of Lumbermen's Nat'l bank against the Santiam Fruit Colony, et al, and in the case of the Santiam Fruit Colony against J. B. Dickover Co., et al.

The three cases have been in court for the past 12 months and resulted in foreclosures being issued against the Dickovers, in the Lumbermen's bank being awarded the money but that institution and in liens being given the purchasers of Santiam Fruit Colony tracts on the land purchased by them.

The case is a result of the speculations of J. B. Dickover, who, in 1910, purchased several hundred acres of land from Chas. Cawrse, Sr., near Crabtree, for about \$40,000, paying \$10,000 down on the deal. He later sold the land to the Santiam Fruit Colony.
