NORTHWEST NEWS LETTER

William Phillip Simms, United Press Staff Correspondent

With the British Armies in the Field, June 26.—(By Mail)—The

Prussians rule with an iron rod in the occupied territory of France, as the following items from the diary of an inhabitant of the village of Savy, a few miles to the west of St. Quentin, clearly show. Apr. 25 (1915): The

Garde Champetre (village constable) has been ordered to inform farmers that they are not to cut hay or clover

under 500 francs penalty. Apr. 30: Germans make house to house search for grain. The Garde distributes

forms to be filled out by the farmers showing how much grain they are planting. May 1: Prussian prisoners

brought here to pull up sugarbeets for the Germans. May 4: The inhabitants have been deprived of bread four

days because M. Lebrun, the baker, is refused flour unless he buys it with

German money and there is no German money among the Savy civilians. May 10: Germans employing Russian

prisoners, broke the last four millstones in Gronnier's mill. May 17: The

Germans have sheared all sheep and taken the wool. May 21: Beginning today Lebrun is baking bread of

American flour. The ration is 250 grammes per head per day. May 23: Today is Pentecost. The Cure went to

Etroillers to celebrate mass but as he had no laissez-passer the Germans

seized him, took him to a cart to Holnon and fined him 50 francs. May 25: Rumor that Italy has

declared war against Germany. July 1: The Garde was sent by the Kommandantur to Henri Catry's house to

ask how many wagons he had in his barn. C's only answer was to hit

him in the face, and he is to go to prison in St. Quentin for 14 days. July 21: Notice on church door states

men, women, girls and boys will continue to be requisitioned for work in the fields between 4 a. m., and 8 p. m.

Those who idle in the fields will be hit with sticks. Those who refuse to work will be put into prison. July 23: This morning Garde

announced that all civilians must salute German officers, men by tipping hats, women by bowing. Fine and imprisonment for refusal. July 25: At

the general census of horses, owners had to stand at their horses' heads for six hours. Henry Catry happened to be standing two yards away from his horse and he was hit with a stick

by a German gendarme. When he protested he was beaten more severely. An old man lay down by his horse and was beaten and made to stand up. Others were treated in the same brutal manner.

July 28: Germans are making the rounds examining every house for bronze and brass objects. August 17: All fruit must be picked and turned over to the Germans. Oct. 15: Rumor of French victory in Champagne. Oct. 25: American Committee has

offered carbide lamps. These can be had at town hall. Oct. 31: The Germans who arrived on Oct. 19 have left. They burned M. Biget's shop and other places too. Nov. 18: Sale of milk to civilians forbidden. Same must be kept for sick Germans.

Jan. 1 (1916): From 11 p. m. on last night Germans saluted New Year by firing cannons, machine guns and rifles. The projectiles were specially made and at very great height produced colors and bright lights. The whole village was illuminated with electric lights. The wood of Athilly was wholly illuminated.

Jan. 6: Copper taken from Gronnier's brewery. At Cathey one cannot provision oneself even with soap. The Germans have taken everything.

To Join Husband—Mrs. Maybelle Greenfield left Wednesday morning for Portland to join her husband, a corporal in the Engineer's Corps from Vancouver. He was sent to Vancouver from San Francisco the 25th of June.

DRINK MORE WATER IF KIDNEYS BOTHER

Get less meat and take Salts for Backache or Bladder trouble—Neutralize acids.

Uric acid in most cases enters the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog, you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Get less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble; this is the only trouble.

"The Five Tires"

Today—tires cost less than ever

Your tires actually cost you less per mile today than they did a few years ago.

—provided you buy the right kind of tires.

In the first place, don't buy a nondescript tire that some dealer has a selfish price motive in selling to you.

Buy a tire with a name behind it—a tire, the quality of which must be so good that the reputation of a great Company is protected.

United States Tires, with the name of the largest rubber manufacturer in the world behind them, are safe tires to buy.

United States Tires are constructed under an exclusive time-tried vulcanizing process that is patented.

They are honestly built with the best materials that the markets of the world afford.

United States Tires Are Good Tires

A Tire for Every Need of Price and Use
