DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

GROUND FOR EXEMPTION TOLD BY WAR DEPARTMENT

Thirteen Reasons Will Be Accepted for Exemption; Read Carefully

Portland, Ore., July 26.—To obtain exemption of discharge from the draft will not be quite the simple matter that some persons have thought.

The government does not desire to draft men who have persons totally dependent upon them, or whose exemption on other grounds is clearly desirable. Neither does it intend that any man who should go must be excused. Absolute proof, in the form of sworn affidavits and support affidavits, of the truth of every claim for exemption, will be required.

Exemption will not be regarded as claimed because of any statement made on the registration card. A new claim, supported by affidavits, must be made in each case.

Incidentally, no claim for exemption or discharge may be made by any man until he actually has been called up by his county exemption board for physical examination.

For example, a man who expects to be called at some future time cannot make his claim for exemption now. The exemption boards are strictly forbidden to receive or consider claims from men who have not been called up for examination.

For another thing, whether a man files a claim for exemption or not, he positively must appear before the local board for physical examination on the day set in the notification sent him by the board.

A man has seven days from the mailing of this notice in which to make application to his board for exemption. He then has ten more days in which to file proofs.

Following are the only grounds for exemption:

1.—That you are an officer, legislative, executive, or judicial, of the United States, a state or territory, or the District of Columbia. And in every case exemption will not be granted unless specifically claimed.

2.—That you are a regular or duly ordained minister of religion.

3.—That you were, on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.

4.—That you are in the military or naval service of the United States.

5.—That you are a subject of Germany, whether you have taken out first papers or not. In such case, you will not be accepted for draft even if you desire to enlist. The regulations on this point are positive.

6.—That you are a resident alien who has not taken out first papers. Following are the only claims for discharge that can be considered by local exemption boards:

1.—That you are an elective county or municipal officer.

2.—That you are a customhouse clerk.

3.—That you are employed by the United States in the transmission of mails.

4.—That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.

5.—That you are employed in the service of the United States, under certain conditions.

6.—That you are a licensed pilot regularly employed in the pursuit of your vocation.

7.—That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

8.—That you are a married man with a wife or child dependent on your labor for support.

9.—That you have a widowed mother dependent on your labor for support.

10.—That you have aged or infirm parents dependent upon your labor for support.

11.—That you are the father of a

motherless child under 16 dependent upon your labor for support.

12.—That you are a brother of an orphan child or children under 16 dependent upon your labor for support.

13.—That you are a member of a well-organized religious sect or organization, organized and existent May 18, 1917, whose then existing creed or principles forbade its members to participate in war in any form.

Claims for exemption on the ground that you are employed in a necessary industry, including agriculture, cannot be made to your local exemption board, but may be made to one of the three district exemption boards in Oregon, but only after you have passed your physical examination and have been certified as called for military service and not exempted.
