Bevo

and a "cold snack"

How does this sound as a suggestion for a meal some day during this hot weather? Cold boiled ham, potato salad, rye bread, and ice-cold Bevo.
Bevo was made with meals and "between meals" in mind. It's an all-round soft drink. Enjoyable and refreshing all by itself and of just the flavor to go with any food—hot or cold—and to make it taste better. Pure—wholesome—nutritious.

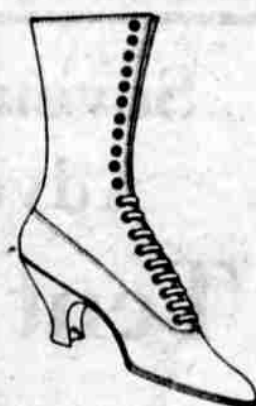

Bevo—the all-year-round soft drink.

"When I get back My Dinner will be ready to serve"

An Electric Range
Is a Thing of Beauty

Something every woman admires and wants in her kitchen but not for beauty alone.

Because electric ranges employ no open flame for heat—they are clean and safe.

Because they are clean they are sanitary

Because they are not subject to the whims of dampers and drafts and flues they are reliable.

More than all else—modern housewives prefer and use electric ranges because they are economical and produce superior results with less trouble. Ask about the new cooking and heating rate—and decide to take advantage of the low price time payment offer before it expires.
