### Washington's Tomb.

At the late date of 1:27 a wish expressed by General Washington in his will was obeyed. He had called attention to his selection of a spot for a new tomb for himself and family and those of the family already buried in the old vault. The old tomb was disadvantageously situated on the side of a hill which was subject to landslides. For the new vault he specified not only the spot, but also dimensions and materials. According to these, his own plans, a tomb was built, and his and Mrs. Washington's bodies were transferred to it, along with the remains in the old vault of other members of the family. The latter were buried together within the vault, out of sight, while the bodies of General and Mrs. Washington are in stone coffins above the ground, within plain view between the slender bars of a grated iron doorway. It is for this reason that the most illustrious of our dead has so simple a mausoleum—obedience to his wish.

### Weather Report—

### Here from Portland—

Fletcher Linn, head of the Albany Furniture factory, arrived in the city last night from Portland to look after business in this city.

### CITY NEWS

#### Portland People Visit—

A party consisting of Mr. and Mrs. D. W. Davidson and children and Mrs. A. D. Davidson of Portland, arrived in the city last evening and registered at the Hotel Albany.

#### Many Auto Accidents—

City Recorder L. G. Lewelling yesterday made a tabulation of the automobile accidents mentioned in the Oregonian of that day. He found accounts of five accidents in which eight persons were injured or killed. The judge takes the stand that the city's crusade on the speeders is justified by these figures, and while Albany has had no bad smash-ups, the city has simply been lucky from that standpoint. The case of Ralph Williamson, who was killed when his motorcycle ran into the Oregon Electric train, is considered of a different nature, although due to the fact that he was riding too fast at the time.

#### Will Join Husband—

Mrs. M. A. Montieth and daughter, Maxine, will go to Portland in the morning to meet Mr. Montieth, and spend a few days.

#### Telephone Men Here—

W. J. Phillips, Division Commercial Manager of the Pacific Telephone & Telegraph Co., with offices in Portland, stopped off in Albany today on his way down from an inspection trip to Klamath Falls. C. E. Van Houtte of Eugene, and other officials of the company in Oregon, were also in the city and were shown around the city by local representative George Sanders.

#### Visited Aunt—

Mrs. L. W. Buchner and daughter, Betty, of New York City, who have been visiting three weeks at the home of Mrs. Buchner's aunt, Miss Emma Summerfield, will leave in the morning for Portland and Seattle for a visit with other relatives before returning home.

#### Returns from Camp—

H. C. Clifford, an instructor in Albany high school, who has been in training at the officers' reserve training camp for the past three months, returned home this morning. While a definite commission has not been given Mr. Clifford, he is on the list of those designated as being on "inactive duty," and may be called into service at any time.

#### Visiting Relatives—

Mr. and Mrs. Joseph Guth and Mr. and Mrs. Carl Fuchs of Sacramento, arrived in Albany today in the former's car and will visit for a few days at the home of Mr. and Mrs. Chas. Essex.

#### Returned from Seattle—

Manager Everett Cummings of the Globe theatre, returned this morning from Seattle. He comes back with the report that Mary Pickford will be seen here in the course of the next two weeks in the Arcraft picture, "The Pride of the Clan," followed by Douglas Fairbanks in the comedy, "In Again, Out Again." He also made arrangements to show the big Selznik play of Rex Beach's novel, "The Barrier," in the near future and booked the splendid Goldwin production, a new firm starring such actresses as Jane Cowl, Mae Marsh, Norma Talmage, Mary Garden, the grand opera star, and many more notables.

## Take No Chances in Tire Buying

There is risk in a chance—but not when you buy a tire of known quality—of known endurance.

United States Tires—all five of them, 'Royal Cord,' 'Nobby,' 'Chain,' 'Usco,' 'Plain,'

- are tires of known, demonstrated and proved service and endurance.
- the make of tires that costs less per mile today than any other make of tire—now or ever.
- Proof—the consistent and persistent year-by-year, month-by-month sales increases of United States Tires.
- Your experience, too, will prove their quality.

### Water Wagon Painted—

The newly painted city water wagon appeared on the streets this morning in its new coat of yellow and green paint. Street Superintendent F. N. Wood has had the wagon cleaned, painted and thoroughly overhauled, putting it in good shape for the long winter's work. It is the care and attention that machinery receives that makes it useful and gives it long life, and Superintendent Wood is always alert to this end of the city business.

### Many Tourists Passing—

This is the tourist season and hundreds are passing through Albany daily. They come from all parts of the United States, cars being seen here from New York and other eastern states. The roads are generally quite good and little complaint is heard on that point along the main highways. The tourist travel brings thousands of dollars to the state and local hotel people state that it is keeping up business in fine shape this summer.
