URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts
or Bladder bothers you—Drink
more water.

If you must have your meat every day,
eat it, but flush your kidneys with salts
occasionally, says a noted authority who
tells us that most forms uric acid which
almost paralyze the kidneys in their ef-
forts to expel it from the blood. They
become sluggish and weaken, then you
suffer with a dull misery in the kidney
region, sharp pains in the back or sick
headache, dizziness, your stomach sour,
tongue is coated and when the weather
is bad you have rheumatic twinges. The
urine gets cloudy, full of sediment, the
channels often get sore and irritated,
obliging you to seek relief two or three
times during the night.

To neutralize these irritating acids, to
cleanse the kidneys and flush off the
body's urinous waste get four ounces of
Jad Salts from any pharmacy here;
take a tablespoonful in a glass of
water before breakfast for a few days
and your kidneys will then act fine. This
famous salt is made from the acid of
grapes and lemon juice, combined with
lithia, and has been used for generations
to flush and stimulate sluggish kidneys,
also to neutralize the acids in urine,
so it no longer irritates, thus ending
bladder weakness.

Jad Salts is inexpensive; cannot in-
jure, and makes a delightful effervescent
lithia-water drink.

From the buying of the cloth to the packing of the
finished garment there's honesty all the way through
a Clothcraft Suit or Overcoat. We don't mean the
kind of honesty that's on the square until it gets
caught at something just a bit shady. We mean
the kind of honesty that's as honest when you're not
looking as when you are. Put on a Clothcraft Suit
or Coat and WEAR it. See if you can wear it out.
You'll know then (as you cannot know before) just
how much honest value there is in these garments
at \$15 to \$25.
