SATURDAY, NOVEMBER 10, 1917.

FAR WEST IS NO SLACKER IN DOING ITS WAR BIT

CORVALLIS, Nov. 9.—A stinging reply to the charges that the Far West is not awake and doing its full duty in the war is made by the O. A. C. Barometer, a student publication, as follows:

"Urbana Faculty Members Invest \$45,000 in bonds," headline from the University of Illinois Daily Illini for October 31.

"O. A. C. Faculty Raised Over \$71,000 for Liberty Loan Last Week," headline from the Barometer for October 30.

The Illinois subscription was made by a faculty of 500, that of the Oregon school by a faculty of 170, not counting extension members making subscription in other parts of the state. This was an average subscription of \$76 for the Illinois faculty, and an average of about \$400 for the Oregonians.

"Is the West doing its part in the war?"

The Northwest championship football game between O. A. C. and Washington state is only one of the big events of home-coming day at O. A. C. tomorrow. Day and evening will be crowded with events that will make the old fellows feel at home.

PIG AND POULTRY LOANS

A bank at Grenada, Miss., has gone about reclaiming the hill country of Mississippi in a very practical way. And so far its efforts have been quite successful. The plan of the bank was to make loans to boys and girls, these small money loans to be used in purchasing pigs and poultry. The poultry loans average \$10, the others are a little higher. These notes are unsecured and no interest is charged until after maturity.

Every boy who borrows in this way is required to report on the first of each month the progress of his pig industry. And besides that, he must grow one acre of corn under the supervision of the bank's agent. He must sell some of his corn to pay off his note. On Nov. 1 every boy reports in detail the result of his year's work, showing profit and loss, amount and character of feed-stuffs grown and used in caring for his pigs, etc.

The girls, too, must raise an acre of feedstuff to be sold and to be used in feeding the chickens. And the girls must make careful reports of their progress.

Nine hundred children who had taken advantage of this offer attended a meeting not long ago, showing that the experiment was well worth while. Out of hundreds of notes held by the bank, only two were not paid. It is reported that the net profit directly due to these loans to the children during the past year is \$100,000.

The bank's first move was purely experimental. It was a huge success. Intelligent farming has been stimulated in that region, and wise observers believe that before many years the hill country will be as prosperous with its grain and livestock as the cotton region of the delta already is.

Sunday School Census

The Grace Presbyterian, the Evangelical and the church of the Brethren will cooperate in conducting a Sunday school census of the East End next Wednesday. Workers will go from house to house securing the religious census and extending invitation to East End people to attend First End churches.

STAMP TAXES ON DEEDS

ETC. DECEMBER 21

New Federal Provision Requires Stamps for All Who Sign or Use Instruments

How to apply war stamp taxes relating to conveyances of real estate mortgages, promissory notes and stock issues, which goes into effect December 1, will be of interest to not only local real estate operators but all people who deal more or less in land.

In conveyances (that is, deeds), the new tax amounts to 50c on conveyances between \$100 and \$500, and 50c for each additional \$500. This is equivalent to a tax of one-tenth of one per cent.

There will be no stamp taxes on mortgages given to secure part payment. The tax on deeds is to be figured only on the equity over incumbrances and relates only to lands sold. Thus it will be seen that gifts, conveyances to dummies and other transfers not involving in the actual carrying out of a sale need not be stamped.

Treatment of Exchanges

Exchanges must be treated as sales and stamps affixed for fair value of the equities exchanged. Where a purchase money mortgage is given back to the seller, the mortgage should be mentioned in the deed and then the tax will be figured only on the equity above the purchase money mortgage.

A stamp tax will be charged on mortgage indebtedness or bonds to secure indebtedness and each renewal thereof. Each agreement extending time of indebtedness must be stamped like an original mortgage. The amount of this tax is 5c on each \$100 of face value of the mortgage or mortgage securing the bond issued. Collateral bonds on mortgages, survey bonds and any other bonds not given to secure indebtedness are to be stamped 50c each; powers of attorney 25c each.

Capital Stock Included

On each original issue of capital stock, 5c on each \$100 of face value or fraction thereof, and 5c on each share of stock issued without face value, unless the actual value is in excess of \$100 per share, in which case the tax will be 5c on each \$100 of actual value. The stamps on original issues of stock must be attached to the stub in the stock book and not the certificates. Like stamps must be placed upon the certificates or agreements of sales of stocks. All processes for voting at elections or meetings of corporations will be stamped 10c each.

All stamp taxes are to be paid by the person who signs or issues the taxable instrument or sells the land described or covered in the deed. The validity of the deed, mortgage or certificate of stock is not affected in case the instrument is not stamped.

Fine Is Provided

But the person who signs or issues the instrument without the full amount of stamps thereon and the person who accepts such an instrument are guilty of a misdemeanor and will be fined for each offense not more than \$100. Stamps are to be cancelled just as they were under the last revenue act in force in this country; that is, by writing thereon the initials of the person using the stamps and the date. The law says that the commissioner of internal revenue may, if he thinks necessary, prescribe additional methods for cancellation.

Holman & Jackson SPECIALS

For the rest of this week we are offering to the public a few special that will be appreciated. But every day in the year you will find grocery bargains here and can always be sure of the best of goods and courteous treatment.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it flows it as naturally and evenly. You dispense it in a soft wash with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Do Your Christmas Shopping Early.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to Flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.
