

HOUSEKEEPER'S ATTENTION CALLED TO HOME PRODUCTS

Economy and Patriotism Demand Use of Goods Made at Home; Try it.

Mrs. Housekeeper's attention is again called to the matter of buying Home Products, and on this page are a few suggestions as to the products that are made in Oregon. All of these are carried in most of the local grocery and drug stores—some carry one brand and some another—while some carry several of the articles and brands advertised herewith.

It is not only good business to buy products made at home, or in the state, but it is a patriotic duty. By using commodities that are made nearby there is a chance that your dollar will again find its way back to you. It will help build up Oregon industries, give employment to more Oregon people and keep circulating more money in the state. By using a product that comes from the East the money simply goes there and stays there—all but the small profit that the local dealer and wholesaler get.

Just now the buying of home products is a patriotic necessity for the reason that the railroads have all they can handle. The government has taken over the lines in order that they may utilize them to the greatest margin of utility. By using goods made in this state a large amount of unnecessary shipping will be done away with and the roads will be free to handle more necessary freight in the pursuit of war.

Think it over. Why let your money go East when you can do as well or better by consuming products made at home.

Songs of the Sammies

By J. W. Pegler, United Press Staff Staff Correspondent

AMERICAN HEADQUARTERS, France, Dec. 3—(By Mail)—Here's a real song of the Sammies, written, composed and perpetrated by a British Tommy. It has just drifted down to our camp from the British front, with the instructors who are teaching the Sammies how to bayonet the Boche.

Let her slip, Professor:
They are the Ragtime Army,
They come from U. S. A.
They cannot march, they cannot shoot
What blinkin' use are they?
But when they get to Berlin,
The Kaiser he will say,
"Hoch! Hoch! Mein Gott!
Vot a bloody fine lot
Are dese boys from U. S. A."

Meeting Sunday Afternoon—

All who intend taking part in the coming musical festival are urged to be present Sunday afternoon at 3:45 at the First Presbyterian church, as some matters of interest will come up at that time.

Save food and serve your country.
Send fats to the front and help grease the skids under the Kaiser.
We must send both bread and blood to the front—the more bread the less blood.

THE PAYROLL DOLLAR

No money moves so rapidly as the payroll dollar.

It comes back into all channels of business and professional activity very soon after it is earned by the employee to whom it is paid.

In these extraordinary days of high costs, the payroll dollar is a boon to the community that is fortunate enough to have industries and payrolls.

Oregon has no patent on the movement to stimulate interest in behalf of home industries. On the contrary, Oregon is away behind in the big activities along this line. All over the country the effect is noticeable and the doctrine that Uncle Sam is now preaching to "Buy Local Products" is being practised with a right good will.

The communities to the North and South and East of Oregon are especially loyal to their local factory goods.

It is now a patriotic duty of every local citizen to use the goods produced by Oregon factories and the merchant or consumer who fails to follow the request of the government in conserving resources is in the slacker class.

Millions of money is going out of Oregon for many worthy causes such as Liberty Bonds, Red Cross, Y. M. C. A. and other war activities. Most of this money will never

Try Oregon Products First

find its way back to this community.

Therefore, it is a serious duty that confronts every Oregonian in every nook and corner of the state; and that is to buy local products and buy them from your local dealer or through him.

Every means to sustain our business fabric should be employed, in order to enable them to carry the extra burdens that business is called upon to assume.

Keep ever before you in your purchases that you are to "TRY OREGON PRODUCTS FIRST."
