Advance Styles in SPRING FOOTWEAR

J. C. Penney Co. Shoes Are Better and Cost Less

During the past two years we have been supplying our patrons with Shoes at prices far below the market price. Our early purchases and the great quantities we use in all our stores has enabled us to do this. Had we been on par with the one-store merchant and bought Shoes in small quantities we would have to pay the prevailing market price and would have been forced to raise our selling price accordingly. Fortunately we now own and have in stock more Shoes than we have anticipated carrying just now when the prices are sky high. We could raise our price materially and still be under regular retail prices the one-store merchant is compelled to ask.

But we are not going to do this. We have never taken advantage of our patrons and we are not going to begin now.

We will take our legitimate profit and the savings between our low prices and the high prices you will have to pay elsewhere will go straight into your pocket. It is true we have had to advance the prices some—but our advances are slight compared with what the wholesale market would suggest and warrant.

THE RISK OF GETTING POOR SHOES IS ELIMINATED WHEN YOU TRADE WITH THE J.C. PENNEY CO. Our Shoes are built to our own specifications and we know they are all leather except in some of the cheaper grades where we are using horn fiber counters, which wear better than a cheap leather counter. We urge you to take advantage of this opportunity to supply yourself with good shoes—you will get better quality, better service and save a lot of money. The descriptions given in this ad are accurate and truthful and every pair is exactly as represented.

LOUISE GLAUM in "GOLDEN RULE KATE"

"Golden Rule Kate," the latest starring vehicle of Louise Glaum on the Triangle program, may be aptly described as "A William Hart Picture with a female star."

The cast includes Jack Richardson, Jack Gilbert, Mildred Harris, Gertrude Claire and J. F. Lockney. The story is from the pen of Monte Katterjohn.
