The SHOES In Our Windows

The shoes you see displayed in our windows truthfully reflect the quality and workmanship of the shoes you find inside the store. Neither wilfully nor by accident do we mean that our window displays shall create wrong impressions or act as false stimulants to whet the appetite and disappoint a customer after the purchase is made. Our windows shall always be a true index of values, not only in prices but in the character of the merchandise displayed as true as the needle of the compass which always point sto the north.

WHO'LL HELP THE

BOYS BUY U.S. STAMPS

The sale of War Savings stamps started today in the public schools of the city, and all school children are being encouraged to buy this form of savings and to help back the Kaiser at the same time.

Many boys and girls want to save the money that they put into these

stamps, and City Supt. C. W. Root-ticker has volunteered to make his office an employment agency for the purpose of getting jobs for the boys and girls. Anyone having word to put the grass to mow, odd chores to do after schools, that will return a small stipend to the school children, should call up the high school and leave their names and the right job or girl will be sent around to do the work.
