The Kitchen in War Time.

The private kitchen has got to go. It is scarcely possible to doubt that now. With gas and fuel at their present prices, and likely to mount steadily higher, the great majority, as winter advances, will certainly be driven to living in one room. The economy effected by that simple measure will be enormous, and it entails no very serious hardship, given a satisfactory arrangement of the cooking problem. That problem could be practically solved tomorrow by the voluntary surrender, even in a very limited degree, of the domestic isolation in which the British family lives. If every two households agree to dine together only, it would be more than half solved. It is a matter in which the merits of a voluntary system over any compulsory arrangement are more obvious even than usual. But if the public continues to set its face obstinately against it, the compulsion will certainly come.—London News.

Dispenser of Happiness.

If there is happiness in contributing to the happiness of others, the letter carrier ought to be one of the happiest men on earth.—Washington Star.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, sniffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

The knife, fork and spoon are the most powerful implements of war just now.

Every time you buy a thrift stamp, your Uncle Sammie smiles.

Can you give your mirror a clear-eyed smile? Or do you squint and frown and stare at it? Are you sure your eyes give you a real, accurate impression of the object your mirror reflects? Have your vision made standard and know that you are seeing yourself as others are seeing you.
