

He Gets Days of Comfort out of a pouch of Real GRAVELLY Chewing Plug

Real Gravelly Plug is such good tobacco (just enough sweetening to flavor), that a plug of Real Gravelly lasts much longer than an ordinary plug, and gives the comfort and satisfaction of good tobacco.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to smoke. Send the best Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELLY

Dealers all around here carry it in 10c. pouches. A 3c. stamp will put it into his hands in any Training Camp or 3c. post of the U. S. A. Even "over there" a 3c. stamp will take it to him. Your dealer will supply envelopes and give you official directions how to address it.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of
