Auto & Tractor Owners Attention

Statistics show that a very large percentage of the mechanics and auto repair men are now serving their country.

Statistics also show that a large percentage of auto owners wait until late spring to get their cars overhauled.

Consequently, if you wait until the roads are good to see if your car is in good shape, you may have to wait a few weeks before you can get your work done.

MORAL—Get your car in shape NOW. We will give you an estimate of the cost of your work, if you come and see us.

ALL WORK ABSOLUTELY GUARANTEED

Special Notice

Until the first of April we will only charge 60c per hour for all Automobile and Tractor work. After that date we will raise to the usual price of 75c per hour. Now is your chance to get your car or tractor in shape for spring.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite
Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

MORE WORKERS NEEDED AT RED CROSS HEADQUARTERS

Do the women of Albany realize that our men are in this great battle that is raging now? And that Red Cross headquarters has sent out an urgent request that we more than double our efforts? Five boxes of gauze must go out from Albany within a month—one box containing 3,000

EGG SHOWER NETS R. C. AUXILIARY \$35.00

The egg shower is an innovation introduced by the Millersburg Auxiliary to the Red Cross. Last Saturday the members of the auxiliary in the neighborhood of Millersburg showered 100 dozen eggs upon that branch of the Red Cross. A market was sought, but 31 cents was the highest price offered. Finally Mrs. Allyn Esson got in touch with a Jefferson merchant who, when he learned that the proceeds were for the benefit of the Red Cross, offered 35 cents. He was given the lot and the chapter cleared \$35.00 from the sale. Local headquarters suggest the same stunt for other auxiliaries.

compresses must be packed this week. That means that five bolts of gauze or at least 500 compresses must be made up each day. And yet some women are indifferent and attend social affairs when our men are wounded and dying and need help. One night each week the rooms will be open for those who cannot work in the daytime. And let every woman in Albany show her patriotism by doing her bit at the Red Cross.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folk who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, sniffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.
