SATURDAY, MARCH 30, 1918.

MEXICO OUR FRIEND

Germany persists in her Mexican
propaganda and professes to regard
Mexico as her best friend in America.
It must be admitted that there was
justification for that view some time
ago. But the Mexican attitude has
changed. Germany may derive what
satisfaction she may from the words
of President Carranza, spoken in wel-
coming the Belgian minister:

"I am pleased to express upon this
solemn occasion that Belgium, in tak-
ing up arms for what your Excellency
has stated—the invasion by Ger-
many—has realized the most heroic
period of modern times for her own
glory and as an example to weak na-
tions. Nations that will not shed their
blood in defense of their autonomy
and institutions have no right to fig-
ure in the concert of nations. Those
that do not measure their sacrifice to
preserve their rights, even though
they are conquered, can await with
tranquility the day of their liberty
because they deserve to live for it and
were born to enjoy it. Belgium should
be proud of her conduct and satisfied
with her sacrifices."

Germany would still have Mexico
believe that the United States desires
and intends to make a Belgium of
Mexico. But Mexico knows better.

A yellow journalist once explained
that he edited his Sunday feature
magazine on the principle that people
were particularly interested in sex,
crime, money and food, in the order
given. Today, in four-fifths of the
world, the last would certainly come
first.

THE MODERN JONAH

The Argentine government, hasn't
succeeded yet in getting rid of Count
von Luxburg. Every time they get it
all arranged to ship him back to Ger-
many something goes wrong. The
latest development is that a Swedish
ship on which he had booked passage,
with a safe conduct, has refused to
carry him. No allied ship will take
him and every neutral ship regards
him as a Jonah.

And a Jonah he certainly is. His
bungling of the Argentine job which
resulted in the alienation of the Ar-
gentinians and the embarrassing pub-
lication by our state department of in-
criminating correspondence with his
home government, has aroused such
disgust in Berlin that the Kaiser
would doubtless rest content if Lux-
burg himself were spurious versenkt on
the way home.

Under the circumstances, Argen-
tina might solve the problem by the
good old spurious method that was
practiced long before U-boats were
ever heard of—take the unwelcome
Count out to sea and make him walk
a plank.

Come to think of it, that's about
what happened to the original Jonah.
But he met a kindly whale. It isn't
likely that any whale could be per-
suaded to swallow such a disagree-
able morsel as Luxburg. Sharks are
more in his line.

The St. Louis Globe-Democrat says
that the picture of "Washington
Crossing the Delaware" really repre-
sents Washington crossing the Rhine,
because the picture was painted in
Germany, with the Rhine as model.
Very Well. Washington was quite
capable of crossing the Rhine. And
one thing we're sure of is that Hin-
denburg will never cross the Dela-
ware.

SAINT LEWIS

Another chronic problem has been
cleared up. The St. Louis chamber of
commerce has decided how the name
of its fair city should be pronounced.

It isn't "S'nt Louie," as Eastern
connoisseurs insist on calling it. It's
precisely what might be expected of
a simon-pure American city, smack-
ing of the plains and rejoicing in all
forms of honest, homely Americanism.
It's just what 99 Americans out of
100 would call it, if left to their own
wholesome native instincts, without
any alien influence or bookish perva-
sion—well, to make a short story
shorter, it's "S-a-l-n-t L-e-w-i-s."

Make the "a" as long as you like,
and by all means don't drop the "s"

Black
Tread
Red
Sides

Where Beauty Is
More Than
Skin Deep

WE never saw a motorist who
wouldn't admit that the Black
Tread and Red Sides combination in
Diamond Tires makes the handsomest
tire equipment he ever saw.

But we're here to tell you that you can't
see the real beauty about Diamonds—
their husky strength and long mileage.
You read about it on your speedometer
after thousands of miles.

Take our "tip"! Try one Diamond! It'll
cost you less than the average tire, and
before long, you'll want Diamonds "all
around".

Diamond Tubes don't deteriorate
while you carry them as "extras."
They hold their life for years.

Ford
THE UNIVERSAL CAR

More and more the enclosed motor car grows
strong in popular favor. It's natural, especially
with Ford cars, which are busy running every
day of the year—winter and summer the Ford
serves faithfully and profitably. So for a real,
genuine family car there is nothing equal to the
Ford Sedan at \$695 f. o. b. Detroit. Seats five.
Large doors, plate glass sliding windows, silk
curtains, deeply upholstered seats, latest type
ventilating windshield—a car of refined luxury
with the everlastingly reliable Ford chassis.

TURN HAIR DARK
WITH SAGE TEA

If Mixed with Sulphur It
Darkens so Naturally
Nobody can Tell.

The old-time mixture of Sage Tea
and Sulphur for darkening gray,
streaked and faded hair is grand-
mother's recipe, and folks are again
using it to keep their hair a good,
even color, which is quite sensible, as
we are living in an age when a youth-
ful appearance is of the greatest ad-
vantage.

Nowadays, though, we don't have
the troublesome task of gathering the
sage and the mummy mixing at home.
All drug stores sell the ready-to-use
product, improved by the addition of
other ingredients, called "Wyeth's Sage
and Sulphur Compound." It is very
popular because nobody can discover
it has been applied. Simply moisten
your comb or a soft brush with it and
draw this through your hair, taking
one small strand at a time; by morning
the gray hair disappears, but what de-
lights the ladies with Wyeth's Sage
and Sulphur Compound, is that, be-
sides beautifully darkening the hair
after a few applications, it also pro-
duces that soft luster and appearance
of abundance which is so attractive.
This ready-to-use preparation is a de-
lightful toilet requisite for those who
desire a more youthful appearance. It
is not intended for the cure, mitiga-
tion or prevention of disease.
