Calls Upon People of Albany to Back Up Drive for the Third Liberty Loan

Mayor Curl has issued the following Liberty Loan proclamation:

o the Public: The American people are today facing the greatest crisis in the history of the world. All liberty-loving people the world over have been ruthlessly attacked and viciously assaulted. Autocracy is grappling the world, imperling our lives and devastating our institutions. American blood is flowing continuously that libour sons and our neighbor's sons, are on the firing line this moment, targets in a terrible onslaught. American blood is flowing continuously that liberty and justice shall not perish, but that each and all of us may continue to live in peace and happiness. It is a mighty struggle and the carnage is awful. Every act of cruelty known to a powerful foe is being inflicted. Death, misery and wee attend us if we fail to maintain the high standard of civilization heretofore established. ENEMY WAR PLANTS U.S. TO PUT DOWN

"THE LIBERTY BOND IS VICTORY'S WAND"

SUBSCRIBING for Liberty Bonds does not mean giving anything. It does not mean even sacrificing—unless you call it that to spend more needfully here and use more heedfully there. It means safe, same, sensible, substantial investment, backed by the best security in the world—our whole United States, and from which you will receive reasonable income in INTEREST.

Compare this degree of patriotism with the kind that is taking our sons, brothers, husbands and fathers across the seas to probable hardship and possible death.

The balance is in their favor if you were to mortgage your entire financial future in order that they may be backed up with those supplies which represent the means for both PREPAREDNESS and PROTECTION.

The third Liberty Loan is at hand. Don't wait to be personally solicited for your subscriptions. Go to your bank and VOLUNTEER YOUR DOLLARS.
