KNOX BUTTE NOTES

KNOX BUTTE, April 2.—(Special)—Mrs. Marsh Allen, in response to a telegram that her son was killed in St. Louis, Mo., left Sunday for St. Louis.

Mr. and Mrs. Verl Miller have moved to Albany. Verl has taken charge of the Farmers' Feed shed which has been run for a number of years by John Calahan. Fay Miller will continue to farm the home place at Knox Butte.

Mr. and Mrs. Blatchford and little daughter of Shelburn were visitors in the neighborhood Easter. Mrs. Blatchford was a former Knox Butte girl, her father being John Lennox, who has been seriously ill all winter but is now better.

The Sunshine Circle will be entertained at the home of Mrs. O. B. Marshall Thursday, April 18.

Liberty Bond meetings were held Sunday afternoon at the Knox Butte and East Knox Butte schoolhouses. L. L. Swan and J. Hawkins of Albany gave enthusiastic talks and explained the way the drive will be carried on. I. H. Copeland is chairman of the Knox Butte precinct. Other committee members are Robert Houston, Henry Haight, A. J. Caldwell, O. Reed and Harvey McBride.

At the Central Christian church a good-sized Sunday school was present to study the Easter lesson on Easter morning.

Etta Powell spent the week-end with home folks at Lebanon.

Mr. and Mrs. Maynard Ackerman have a new auto; also Noah Shelby has one.

Most everyone in this vicinity has set their clocks ahead. The Knox Butte children were all present on time Monday. Three of the children have about two and one-half miles to come.

Many observed Easter with the usual climb to the top of Knox Butte Sunday, the day being ideal.

A junior Red Cross has been organized in the Knox Butte school, nearly all the pupils having joined.

FRED DAWSON'S DRUG STORE THE STORE OF QUALITY

MUST REDUCE WHEAT RATION 50 PER CENT

The food administration makes the following announcement:

WASHINGTON, April 2.—If we are to furnish the allies with the necessary proportion of wheat to maintain their war bread from now until the next harvest—and this is a military necessity—we must reduce our monthly consumption to 21,000,000 bushels a month as against our normal consumption of about 42,000,000 bushels, or 50 per cent of our normal consumption.

To effect the needed saving we are wholly dependent upon the voluntary assistance of the American people, and we ask that the following rules shall be observed:

1. Householders to use not to exceed a total of one and one-half pounds per week of wheat products per person. This means not more than one and three-fourths pounds of victory bread containing the required percentage of substitutes and one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, all combined.

2. Public eating places and clubs to observe two wheatless days per week—Monday and Wednesday—as at present. In addition thereto not to serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals containing a total of more than two ounces of wheat flour. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products per month per guest, thus conforming with the limitations requested of the householders.

3. Retailers to sell not more than one-eighth of a barrel of flour to any town customer at any one time and not more than one-quarter of a barrel to any country customer at one time, and in no case to sell wheat products without the sale of an equal weight of other cereals.

4. We ask the bakers and grocers to reduce the volume of victory bread sold by delivery of the three-quarter pound loaf where one pound was sold before and corresponding proportions in other weights. We also ask bakers not to increase the amount of their wheat-flour purchases beyond 70 per cent of the average monthly amount purchased in the four months prior to March 1.

5. Manufacturers using wheat products for nonfood purposes should cease such use entirely.

6. There is no limit upon the use of other cereals, flours and meals—corn, barley, buckwheat, potato flour, etc.

Many thousand families throughout the land are now using no wheat products whatever, except a very small amount for cooking purposes, and are doing so in perfect health and satisfaction.

GREAT WRITERS—NEAR DUEL

Tolstoy and Turgenev in Fierce Dispute That Might Have Led to Deadly Encounter.

Tolstoy and Turgenev, famous Russian novelists, were contemporaries and friends, but on one occasion they had a serious falling out. As gathered from a recent biography, this is the story of their quarrel: The two famous novelists met at a friend's house. Turgenev spoke enthusiastically of his young daughter's new English governess, mentioning that she required the child to mend old ragged clothes to give to the poor. "Do you consider that good?" demanded Tolstoy. "I certainly do," replied Turgenev. "It makes the charity workers realize everyday needs." "And I think that a well-dressed girl with filthy, malodorous rags in her hands is acting an insincere farce," commented Tolstoy. "I ask you not to say that," exclaimed Turgenev, hotly. "Why should I not say what I am convinced is true?" retorted Tolstoy. "If you say that again I will box your ears!" Turgenev cried, white with rage, and rushed from the room. A duel was narrowly averted. Afterward these famous men became reconciled, and on his deathbed Turgenev wrote an affecting note to Tolstoy, addressing him as "the great writer of our Russian land."—Outlook.

Advertising Momentum

Many institutions expect advertising to perform miracles, to rehabilitate a depleted list of customers in a few weeks or harvest a golden crop of dollars. Advertising is not based on wizardry any more than on quackery. Its results are cumulative.

There are no miracles in advertising, but money so invested, if invested properly and the opportunities thus created properly followed, will yield handsome returns.

An inquiry from a prospect who has never transacted business with your organization is the most vital and the most potent factor in the success of your business. That inquiry represents growth, development new business, —and new inquiries, are worth attention, study and care—the full measure of your service. The aggressive and consistent advertiser whose educational publicity attracts, will find that the business has acquired a new momentum, the effect of which will be apparent in succeeding years.
