

Bevo

THE BEVERAGE

An All-year-'round Soft Drink for the Bluejackets

Our boys in the navy enjoy their Bevo. The esteem in which it is held by the entire Navy Department is clearly indicated by the fact that it is sold and served on all U. S. vessels and in training camps. Afloat or ashore, you will find Bevo unusually refreshing, good and healthful.

Soft in the strictest sense, but a thoroughgoing man's drink. Try it by itself, or with a bite to eat. Served everywhere—families supplied by grocers, druggists or dealers.

Manufactured and bottled exclusively by Anheuser-Busch, St. Louis

HIGH SCHOOL SENIOR CLASS DECIDES ON CLASS DAY

The Albany high school senior class has decided on a class day, this being a new stunt in Albany but successful in other schools. The entire day will be taken up by a program by the class and by special stunts. The day has not as yet been decided upon.

The girls of the class voted down the proposition to wear middie and skirts at commencement, but decided to limit the amount to be spent on a graduating dress to \$5 each. The selection of a class flower has been postponed.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

BOGUS COUNTESS SEEKS TO RICH SOUTH AMERICAN

Little Pansy Hartley, a girl with a "past," was torn between love and purpose. She wanted to go straight and saw her opportunity if she cast love aside.

Backed by two mysterious men, who had assured her that nothing either immoral or illegal would be required of her, she had moved from her poverty-stricken little quarters to a sumptuous hotel. Here, supplied with a magnificent wardrobe, she was living as the Countess of Tuscany.

Her only instructions were to meet Nicholas Fenwick, a young South American millionaire stopping at the same hotel, and win a promise of marriage from him by fair means or foul.

BILL HART APPEARS AT GLOBE TONIGHT

William S. Hart, Thomas H. Ince's famous screen star, is seen in his second Artcraft picture now at the Globe theatre. This new Hart picture is called "The Silent Man" and introduces the celebrated screen actor as a desert miner who has made a rich strike and who comes into a small border town to enter his claim. He is robbed of his mine and it is his efforts to get it back and incidentally frustrate a crowd of unusually villainous villains with which the story of "The Silent Man" has to do.

Edward Peil, who plays the part of James Rutledge, the lover in "The Eyes of the World" at the Globe Theatre Friday and Saturday, who meets a tragic fate on the mountain cliff, has only recently recovered from serious injuries received during the making of the most thrilling scene in the picture.

The meeting was easy for this world wise young girl with more than her share of good looks. Her plans were progressing famously when there appeared on the scene a beautiful masked dancer who threatened to upset her schemes and rob her of the \$25,000 she had been promised if she secured a proposal from Fenwick.

A glamour of mystery surrounded the dancer. It was whispered she was a prominent society girl on a lark or dare. Fenwick seemed to be falling a victim to her charms.

The Rolfe Theatre has booked this play for tonight; also "The Fighting Trail."

TODAY AND THURSDAY

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do. For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.
