DOROTHY DALTON RIDES OWN HORSE IN PLAY

Dorothy Dalton, the charming Paramount star, famed as the "girl with the dimples," is not only a talented actress, but a thorough sportsman, being proficient at golf, tennis, riding and other sports. When she was told that in "Love Letters," her latest Paramount photoplay which is to be shown at the Globe Theatre tonight and Saturday, she was to appear in several scenes on horseback, she was more than delighted. Miss Dalton asked permission to ride Lord Chesterfield, her favorite horse, and it would be hard to say which was more pleased—and proud—at the occasion of Chesterfield's screen debut—the pony or the rider. As Eileen Rodney, a wealthy young social debutante and later as the wife of the district attorney, she appears in several very elaborate frocks. A riding suit in the early part of the picture and a dinner gown in the last reel are especially notable.

THEDA BARA TO BE AT ROLFE THEATRE THIS WEEK

Theda Bara, the William Fox star, will be seen in a magnificent super-picture production of "Camille" at the

Rolfe theatre on Friday and Saturday. Founded upon the world-famous story of Alexandre Dumas, this unusually beautiful photodrama is wonderfully interpreted by the incomparable Bara. The story of "Camille" is familiar. It deals with the life story of a lovable adventuress, whose real womanly qualities have been brought out under the influence of her love for Armand Duval, a young French student. There are many vivid scenes which will fascinate the picture-loving public. Miss Bara is particularly fascinating in her latest picturization.

VERSATILITY OF STAR IS SHOWN IN DANCES

Nazimova, the great star of the Metro picture "Revelation," which is to be presented at the Rolfe Theatre on Sunday and Monday, shows her ability as an artistic interpreter of classic dancing in this photodrama.

Dressed as a bacchant, a priestess of Bacchus, god of wine and revelry, with leaves in her hair, a garland of grapes across her shoulders, with a goblet in one hand and a cluster of grapes in the other, she performs "La Danse Bacchante," typifying the exuberant spirit of revelry of a Parisian cafe.

DAREDEVIL MOTORCYCLIST WILL EXHIBIT IN ALBANY

Daredevil Jackson, the man who has defied all laws of gravity, will give his hair-raising performances in Albany all next week. Jackson is one of the attractions with the Bernardi Greater Exposition Co., which opens here next Monday.

This death-defying young man has a history well worthy of note. For three years Jackson thrilled the public of America with his reckless feats of flying, and was the leading attraction at all the large state fairs throughout the country. He was the second man in America to emulate the daring feats of the late Pegoud, the Frenchman who first attempted upside-down flying and the loop-the-loop.

After three seasons of flying stunts young Jackson failed to derive any more thrills in flying, so he sought other fields with which to flirt with death. He built himself a large wooden bowl of 30-foot dimension across, and inside of this perpendicular track Jackson practiced riding his motorcycle at a speed of 100 miles an hour. After mastering this feat his next attempt was to ride at the same speed with hands off the handlebars and sitting astride of his machine. This was not mastered without any cost, however, as in one fall which he suffered Jackson broke several ribs as well as having his jaw and collarbone broken.
