A YELLOW DOG SOCIETY

From rumors on the street it looks as if Albany will have a Yellow Dog Society. A., K. of C., and other things. Also those who peddle lies about the

NEW BEVO PLANT WORLD'S LARGEST BEVERAGE FACTORY

Conceived and Erected by Anheuser-Busch to Aid in Temperance Promotion

The completion of the new \$8,000,000 Bevo plant in St. Louis is a notable war-time industrial achievement. The construction of this plant, the largest and most perfectly equipped of its kind in the world, was made necessary by the extraordinary demand for the highly meritorious nonalcoholic beverage perfected under the personal supervision of August A. Busch, president of Anheuser-Busch who succeeded his father, the late Adolphus Busch as head of the many great Anheuser-Busch industrial institutions.

After years of scientific experiments and original research, Bevo was created for two purposes: as an aid to the promotion of Mr. Busch's plans for a real, sane temperance program in America, based upon education and intelligent moral development; and to supply the public with the highest quality of nonalcoholic beverage that science and manufacturing skill could produce. Bevo has been a positive aid to the government in carrying out its military temperance program, for it has become the favorite beverage of the army and navy, and is used extensively on battleships and in cantonments with the approval of the heads of the navy and war departments.

RED CROSS NOTES

Plans are being laid for a county institute for the Red Cross auxiliaries and branches. The date has not yet been decided upon but it will be in the near future.

Bills amounting to over \$3600 were allowed at the executive committee meeting last night. This covers the expenditures of the past month.

The finance committee turned over to the treasurer about \$1600, this being the money from the dinner, the store and the picture shows.

An appropriate audience listened to Mrs. J. D. Summers' report of the Seattle convention and to Miss Cosper as she explained the home service work that is being carried on in this county.
