Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and
phosphate prevents illness
and keeps us fit.

Just as coal, when it burns, leaves
behind a certain amount of incom-
bustible material in the form of ashes,
so the food and drink taken day after
day leaves in the alimentary canal a
certain amount of indigestible ma-
terial, which if not completely elimi-
nated from the system each day, be-
comes food for the millions of bacteria
which infest the bowels. From this
mass of left-over waste, toxins and
poisonous-like poisons are formed and
sucked into the blood.

Men and women who can't get feel-
ing right must begin to take inside
baths. Before eating breakfast each
morning drink a glass of real hot
water with a teaspoonful of lime-
stone phosphate in it to wash out of
the thirty feet of bowels the previous
day's accumulation of poisons and
toxins and to keep the entire alimen-
tary canal clean, pure and fresh.

Those who are subject to sick head-
ache, colds, biliousness, constipation,
others who wake up with bad taste,
foul breath, backache, rheumatic stiff-
ness, or have a sour, empty stomach
after meals, are urged to get a quarter
pound of limestone phosphate from
the drug store, and begin practicing
internal sanitation. This will cost
very little, but is sufficient to make
anyone an enthusiast on the subject.
Remember inside thing is more
important than outside bathing, be-
cause the skin pores do not absorb
impurities into the blood, causing poor
health while the bowel pores do.
Just as soap and hot water cleanses,
sweetens and freshens the skin, so
hot water and limestone phosphate
act on the stomach, liver, kidneys and
bowels.

Commencement Day

Stands out as one of the most
memorable occasions in life. It
celebrates the first achievement
to receive public recognition. It
is a proud day for graduates,
parents, friends. Your senti-
ment and regard demands that
the gift be fitting and of per-
manent value.

We have chosen our stock with
this idea in mind. Perhaps we
can help you select a suitable
gift.

"I cannot praise your wonderful
medicine, Peruna, enough. It has
done much for me during the past
ten years and I keep it in the house
continually. I was in such a condi-
tion that I could eat nothing but
bread and milk, and even that was too
heavy for me at times. Now, I can
eat anything. I will recommend Per-
una to all my friends."

Those who object to liquid medi-
