OUR WORLD MISSION

"The aloofness of the United States from world responsibility has vanished for all time," writes Prof. Mas-Alarney of Columbia University.

That is unquestionably the biggest fact of the war, from the American standpoint. We have entered the arena of the world as a power with an interest and a voice in world-affairs second to none.

Simply doing our obvious duty is carrying us to this pinnacle of supreme leadership. We may be swept there by the pressure of events, whether we deliberately will it or not.

And we cannot help feeling that it is only the natural realization of our destiny. The fathers who made us a nation believed that the principles they wrote into our Declaration of Independence and our constitution were of universal application, sure in time to conquer the world.

We have been proclaiming American liberty more effectively in the past year than ever before. We are now almost ready to make it fully and finally effective by routing its enemies. The greater part of mankind has already accepted it.

This exalted missionary spirit, which seeks conquest only in the realm of ideals, foregoing material advantage, is something that Germany cannot understand. And that is one of the reasons why Germany must go under.

NOTICE
Owing to the increase in the barn business I have quit buying eggs and poultry. Thanking you for your past patronage,

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Having meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.
