In the course of Bill Hart's big drive

on behalf of the Liberty Loan he addressed an audience of 2500 people from the observation platform of the train as it stopped at Albany, Oregon. The manager of the Globe distributed the leaflet or dodger which we reproduce in these columns among the crowd.

nice Hall and Miss Mary Haberly. The evening's hours were spent in a pleasant social way.

Following the regular meeting of the Eastern Star Tuesday evening, a social time was enjoyed. Music and conversation made the time pass in a jolly way and later light refreshments were served.

The Missionary Society of the First Presbyterian church met Wednesday afternoon in the church rooms, with Mrs. Thomas Hopkins in charge. The afternoon was spent in a profitable way.

Master John Hornbrook was host Friday evening to a very pretty dinner party. Places were arranged at the attractively appointed dinner table for 11 guests. The crowd attended the Globe Theater after dinner. Included among the guests were Teddie Young, John Cusick, Teddie Gilbert, Bobbie Barker, Stewart Ralston, David Mason, Bobbie Marks, Ronald Huston, Charles Kroschel and Ellis Sox. A very delightful evening was passed by the guests.

It has been planned that another Red Cross benefit dance will be given in about two weeks at the Anderson Farm in their large and roomy barn. The floors are excellent and good music is furnished by the Heister's orchestra. Punch is served during the eve-

ning and an exceptionally enjoyable time passed by those who motor out.

BEST IN THE LONG RUN

Who Began Trench Warfare?

THE trench, which always encircled the Roman castra, or camp, was brought to France by Julius Caesar and used by him on the very battlefield where to-day the Allies and the Huns have 25,000 miles of trenches.

With rings of trenches, gradually drawn smaller, probably the first modern trench warfare, the Turks in 1667 took Candia.

Vauban, builder of Verdun, in 1673 employed the first parallel trenches, the system of the present war.

Defeat, not foresight, turned the Germans to trench warfare. But Goodrich never had to dig in.

Since twenty-two years ago Goodrich manufactured the first American pneumatic automobile tire, Goodrich has driven ahead to the big, graceful, masterful—

GOODRICH SERVICE VALUE TIRES

But whether Goodrich was revolutionizing tire manufacture by bringing forth the first American clincher tire—

Or originating the one practical non-skid, the cross-bar, safety-tread, or tough black tread rubber—

Goodrich built tires to one end—SERVICE VALUE—what they are worth to the motorist on his car and on the road in COMFORT of an easier riding car—ECONOMY in gasoline saved,—and LONG MILEAGE.

Small difference whether you buy GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS, you get SERVICE VALUE TIRES.
