According to a statement made today by C. H. Murphy of the Irvine Garage, the prices of cars will go steadily up as the war continues, and in his opinion there will soon be a car shortage. A great many of the dealers have had difficulty in obtaining sufficient cars to supply the demand.

### TOTS COME INTO THEIR OWN AS CIRCUS ARRIVES IN MORN

Tomorrow the humble gootler comes into its own. Tomorrow the toy balloon man will skirt the circus in downtown streets with his many hued spheres bobbing on their leashes. Tomorrow the kids will smear candy and popcorn over their clean togs, for tomorrow they have their innings. Tomorrow is circus day. Gaudily painted trains will puff their way into the city with the dawn. Horses, jingling in studded harness, will step down ramps from the double-length palace cars. Hugs pole, canvas and baggage wagons will be towed along strings of flatcars and down runways, where six and eight-horse teams will hook on for the haul to the Sells-Floto grounds.

Bandwagons, cages, elephants, tableau wagons, ring horses, ponies, camels—in fact, all the wonders of the big show will pour down the gangways and roll, waddle, lumber or canter to the place where the tents are spreading like gigantic mushrooms and where the odors of coffee, bacon, grain and hay invite the circus family.

Soon after the last of the huge tents—the big top, seating over 10,000 people—is raised, the buglers will sound parade, and that gorgeous pageant, with its five bands, five calliopes and scores of promised novelties, will head glitteringly downtown at 11 a. m.

The circus men say that never before have so many acts and troupes of feature rating been carried by the big show. Never before have the troupes and families of artists been gathered from so many countries of the globe, especially our allied nations. All of them have been featured in their own countries, but now their concerted efforts make the big feature—Sells-Floto, state the circus men with pride. The performances will be given at 2:15 p. m. and 8:15 p. m.

They open with "The Birth of the Rainbow," a colorful extravaganza, employing 600 people and 400 animals in which Sunrise, the golden horse, is one of scores of striking features.

### RECRUITING OFFICER RECRUITS HIMSELF

SYRACUSE, N. Y., June 11.—(Special)—So impressed with the U. S. marine recruiting literature sent him to give to prospective applicants was Carl H. Hamlin, postmaster at Helena, N. Y., that he forsook his job and came here, where he enlisted himself in the marine corps.

Thus the marine corps lost a recruiter, Helena lost a postmaster, Recruiter Hamlin lost his fee for the enlistment of applicant Hamlin, but the marines gained a patriotic recruit.

## SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.
