

**BEST IN THE LONG RUN**

**The World's First Torpedo Failed**

ITS inventor, David Bushnell, an American, in 1776 attempted to sink the British warship, Eagle.

Bushnell towing his torpedo, charged with powder, by means of a hand-power semi-submersible, planned to fasten it to the hull of the attacked ship with a steel plunger; then explode it by clock work.

His torpedo—too much of an experiment—failed.

Safeguarding the user against failure, Goodrich never markets an experiment, tires or anything else.

Goodrich Tires, though built with the experience and skill of the oldest and largest rubber factory, are proved out by the practical road travel of Goodrich Test Car Fleets to make them in word and deed—

**GOODRICH SERVICE VALUE TIRES**

For Goodrich recognizes but one value in tires—their SERVICE VALUE on your car and on the road; one tire value—SERVICE VALUE.

Whatever pounds of rubber and other material go in tires; whatever hours of work and skill, their VALUE to motorists is their SERVICE, in comfort, dependability and durability.

And you are sure to get it if your tires are GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS.

Make sure of economy and security in tires by demanding big, masterful SERVICE VALUE TIRES.

**TURN HAIR DARK WITH SAGE TEA**

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the musky mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces the soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
