

Why Swift & Company Has Grown

The fact that a business organization has grown steadily for forty years proves that it has kept continually meeting a vital business demand.

It must have kept "fit" or it could not have stood the strain of ever-shifting conditions.

Swift & Company has been trained in the school of experience.

Every day of its forty years of service has solved some new problem of value to its customers.

Every year has proved its ability to learn by experience, and to use this knowledge for the benefit of those with whom it deals.

Year Book of interesting and instructive facts sent on request.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush kidneys and neutralize irritating acids—Splendid for system.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

TWO MACHINES IN

TERRIBLE HEAD-ON SMASH

They met head-on in a turn on a lonely road and both cars stopped with a splintering of glass, in the Triangle play, "Betty Takes a Hand," starring Olive Thomas at the Rolfe Theater on Tuesday night.

This was Betty Marshall's introduction to James Bartlett, multi-millionaire politician and the man who had once been her father's partner in a mining venture. Now Betty's father was poor, while Bartlett was rolling in wealth. Peter Marshall had vowed to his daughter that Jim Bartlett had swindled him. Then followed a far graver situation. Both machines were permanently disabled in an attempt to get them back on the road. It was fast becoming dark and they were 30 miles from help.

Unusual business now means resumption of business as usual later.

HARMONY NOTES

Chevrolet

New Series

"Four Ninety" Touring

BUY NOW. PRICES ARE SURE TO ADVANCE

From a mechanical standpoint, this model has reached a standard of excellence that is not surpassed in any motor car. Vanadium steel is used for every part that requires unusual strength. It has ample power—proper spring suspension—correct weight—smart in appearance—well finished. It has unusual records in gasoline economy.

NEW FEATURES

The motor is of an improved valve-in-head design. The cooling is by water pump. The oil pump has been changed to the gear type. The pump is placed in the forward end of the cylinder casting.

Tire carrier is provided and is fastened at the rear of the body.

ADDED REFINEMENTS

Wheels are fitted with demountable rims; one extra rim is furnished. Other features of the New "Four-Ninety" are: New Oil Pressure Gauge; New Improved Radiator; foot rail; robe rail; tilted windshield; one-man top; improved type curtains, folding up into top; flaps on top of each door for protection of body and the finish; pockets on the inside of each door.

You should investigate Model "Four-Ninety" Economy Records.
